Pursuant to your instructions, I called SAC Brennan to instruct him to make himself available for interview by Senator Lowell F. Weicker, Jr. (Republican - Connecticut).

I explained to Brennan that Weicker had made his request of Attorney General Richardson who had in turn relayed the request to you.

I told Brennan that we did not know what area Weicker intended to inquire about. I called Brennan's attention to the New York Times article dated Monday, 6-11-73, regarding "Weicker Charges FBI Used a Part of 1970 Spy Plan." I pointed out that Weicker might inquire about alleged harassment of Beacon Press by the FBI.

Brennan inquired as to what guidelines should be followed in connection with furnishing information to Weicker. I instructed him that if any false accusations had been made against the FBI or against him he should deny them. I told him that if any allegations had been made of harassment of the Beacon Press he should set the record straight. I told him that further than this he should reply to questions requesting confidential information from FBI files by advising Weicker that clearance to furnish such information would have to come through the Attorney General. I instructed Brennan to call the Bureau immediately after the interview to advise of what transpired.

Brennan called back later to advise that he has an appointment at 9:00 a. m., Wednesday, June 13th, with Senator Weicker.

The Attorney General

June 12, 1973

Acting Director, FBI

After our conversation yesterday, I called Senator Lowell P. Weicker, Jr., and discussed with him his request to interview Mr. Charles D. Brennan, the Special Agent in Charge in Alexandria, Virginia. His request to you was made as a result of a refusal by Brennan to talk to him without prior authority from either you or me. He said that he was simply following up on his earlier conversation with William C. Sullivan and the relationship between the Internal Security Division of the Justice Department and the Domestic Intelligence Division of the FBI. Brennan at the time in question (1969 - 71) worked for and was very close to Sullivan. Weicker seemed particularly interested in the claim that the FBI was harassing the Beacon Press when the latter was about to publish the Pentagon Papers. He claimed that such harassment was a fact and not an allegation as far as he was concerned. He further expressed dismay that Archibald Cox's jurisdiction seemed to be extending ever further from the confines of the Watergate Case. He said he had been against a Special Prosecutor from the beginning and felt that your stewardship would have been more than adequate to assure fairness. He recognized that was water over the dam, but expressed continued irritation over Cox's involvement in any matters outside the strict confines of the Watergate.

I told him that we would make Brennan available to him for interview and that I would simply ask Brennan to apprise me of the contents of their conversation. He seemed happy with this decision and I will let you know what happens.

Specific suggestions made to improve solutions in individual cases.

Criminal Intelligence and Interstate Gambling Activities Programs rated good with 3 convictions in organized crime matters recorded since last inspection. 6 subjects awaiting prosecutive action. No La Cosa Nostra in territory. Most prevalent type gambling handled by Alexandria concerns numbers and sports betting. Continued emphasis in gambling matters and penetration of local organized crime factions stressed. Alexandria has not utilized Title III installations, and instructions given to consider use of this investigative aid in areas other than gambling. Recommendations made to assign prostitution and pornographic cases to squad handling organized crime matters in order to permit a more coordinated attack on organized crime figures. Selectivity of cases stressed with emphasis on those with prosecutive potential. No improvement noted in Top Echelon (TE) Criminal Informant Program. Alexandria currently has one TE, which is decrease of one; no targets under development, which constitutes decrease of five since last inspection. Instructed to expedite prompt development of quality targets.

Criminal Informant Program (CIP) rated only good. 32 CIs (down 4), 46 potential CIs (down 44 since last inspection). While improvement noted in informant coverage outside of Headquarters City, analysis shows decline in quality as well as quantity in Headquarters area. Improvement ordered through development of quality replacements. Accomplishments attributable to CIP up in 5 of 8 categories for FY 1973.

No known Communist Party organizational activity or membership in territory. Extremist Informant Program rated only good. No significant informant activity exists in Revolutionary Activities or Nationalistic Tendencies matters. Extremist situation relatively calm. National Socialist White People's Party only extremist group in Division; informant coverage good. Nation of Islam attempting to organize a mosque; instructed to afford this close attention. Small Cuban and Chinese population in territory.

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

No Soviet or satellite establishments in territory. Soviet/satellite matters in Division investigated by Washington Field Office, per Bureau instructions.

Aircraft Hijacking Plan current and well organized. Constructive suggestions made to better facilitate plan implementation. Specific case suggestions made to effect early apprehension of fugitives.

Administrative Operations - Very Good (Last Inspection - Excellent). Alexandria 4-desk office - justified; work load equitably distributed. 3 established RAs covering approximately 2,234 square miles with estimated population of 140,000. Considering economy of operations, statistical accomplishments, population and area covered, all present RAs justified. Replacement of one Agent, Fredericksburg RA, not justified (handled separately).

Special Agent Accountants assigned Alexandria adequate and are afforded assignments to upgrade individual qualifications. Chief Clerk's Office operating efficiently; pending work and project work below field averages. Form errors above field average and number of misfiled index cards below. Files and exhibits (evidence) properly and securely maintained. Stenographic production above field average, although office had stenographic delinquency during May and June, 1973. Increased production and accuracy stressed. Bureau-approved odd-hour shifts justified. Confidential and Imprest Funds adequate for operations; no discrepancies detected in audits.

Undesirable administrative trends detected and corrected involved improper administration of fugitive cases, administrative handling and closing of Theft of Government Property and Crime on Government Reservation cases, and improper posting of investigative matters. Overtime productive, necessary and equitably shared.

Personnel Matters - Very Good (Last Inspection - Very Good). Total complement 7/6/73 - 112 (64 Agents, 48 clerks). Agent complement unchanged from 64 and clerical complement increased from 47 since last inspection. One stenographer short of authorized complement at present, since five clerical employees entered on duty during the inspection. Efforts to fill existing vacancy being followed. Inspector and SAC agree Agent complement of 64 and clerical complement of 48 adequate but not excessive. Morale very good. No Agents on limited duty, probation, overweight or unavailable. SAC, ASAC and supervisors performing on-the-spot supervision to provide necessary training and leadership. One work-related injury (same as last inspection). Commendations and Incentive Awards Programs utilized by supervisory staff when special recognition merited.

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

Since last inspection, 11 Agent applicants recruited, but no blacks. One appointment currently outstanding. 33 clerical applicants entered on duty at FBIHQ and Quantico since last inspection (clerical quota 36). Office instructed to take new and aggressive approach to clerical recruitment for FBIHQ, and suggestions made to improve recruiting efforts, including full office participation, and increased contacts with most productive sources throughout entire Division. Need for qualified applicants from among all Americans emphasized.

Contacts - Good (Last Inspection - Very Good). 3 SAC contacts (-1), all located in Headquarters City area, provide valuable and diversified services. Speech program, including radio and television, reasonably productive with variety of groups being reached and substantial geographical coverage being achieved. Liaison and National Academy programs effective and police training program providing wide coverage throughout the Division. Relations with civic and business leaders, Federal officials, including U. S. Attorney, and press cordial and effective. Persons contacted spoke highly of FBI Alexandria personnel.

RECOMMENDATIONS

1. Charles D. Brenna, GS-17 at \$36,000, aged 51, at Alexandria since 10/16/72, first office as SAC. Makes an excellent impression, is relatively inexperienced in operating a field office due to length of previous assignments at FBIHQ. Is available without restriction for promotion or transfer. During inspection two substantive errors detected in cases supervised by SAC (copies attached). One error involved aggravated delay and incomplete investigation of a fugitive case and the second involved failure to properly supervise an extortion case. SAC culpable in both instances and censure recommended, covered in attached letter advising SAC of inspection findings. Continue as SAC.

2. ASAC O. Franklin Lowie, GS-15 at \$27,795, aged 44, at Alexandria since 4/19/72, first office as ASAC. Lowie makes a substantial appearance, is available for transfer and promotion without restriction. During inspection four substantive errors (copies attached) detected in cases supervised by ASAC. One error involved the failure to promptly return U. S. funds obtained from Confidential Fund until June, 1973, when case wherein funds being used was closed in February, 1973, and a second involved inadequate and delayed investigation. ASAC culpable in both instances and censure recommended. Other errors involved failure to

confirm AUSA's opinion and failure to properly supervise case being handled by experienced Agent and Relief Supervisor. These errors are not aggravated and do not go to the merits of the case insofar as ASAC's supervision concerned but in view of cumulative effect are covered in letter of censure, which is attached. Continue as ASAC.

3. Recommendations concerning other personnel being handled separately.

PERSONAL ATTENTION

Mr. Charles D. Brennan
Federal Bureau of Investigation
Alexandria, Virginia

Dear Mr. Brennan:

The results of the inspection of the Alexandria Office have been reviewed, and I have approved the following ratings for the various operations: Physical Condition and Maintenance - Excellent; Administrative Operations and Personnel Matters - Very Good; Investigative Operations and Contacts - Good.

Your space in Headquarters City, as well as that in the Resident Agencies, was found to be well organized and maintained. You must continue to emphasize strict compliance with regulations pertaining to the security of space, sensitive material and equipment throughout the Alexandria Division. I was encouraged to note that the repair and operating costs of your automotive fleet were below the field averages and that the number of accidents decreased since the previous inspection. I also note that no safety defects were detected in your automobiles, and you should continue to encourage safe and defensive driving by all employees.

The statistical accomplishments recorded by your office for the past fiscal year show you were up in the important area of convictions, but down in the other categories. Prompt improvement will be required in this fiscal year in order to exceed in all categories. Take aggressive steps to improve this phase of your operations and continue to afford this matter your close personal attention. There is a definite need to increase the number of solutions recorded for all bank robbery violations since your record of solutions has been declining during the past three fiscal years.

Mr. Charles D. Brennan

You should closely follow all avenues of investigation leading to solution of these cases and vigorously implement the Inspector's suggestions to strengthen your overall program. Prompt solutions to bank robbery cases are the best deterrent.

The Criminal Intelligence and Interstate Gambling Activities Programs were rated good. I was pleased to note you have recorded three convictions in this area and that you currently have six subjects awaiting prosecutive action. You must afford these matters aggressive attention. You should closely follow the Inspector's instructions concerning gambling matters. The penetration of local organized crime factions in your territory should also receive high priority. I was displeased to learn that there has been no improvement in your Top-Echelon Criminal Informant Program since last inspection. The decline in informants and targets in this area is certainly not indicative of an aggressive program. You must reverse this situation as it pertains to your informants in the organized crime area and expedite prompt development of quality targets, as pointed out to you by the Inspector.

Your Criminal Informant and Extremist Informant Programs were rated only good. While there appeared to be an improvement in the criminal informant coverage outside of Headquarters City, the Inspector's analysis indicated a marked decline in the quantity as well as the quality of informant coverage in the Headquarters City area. You should afford the improvement ordered by the Inspector your close attention. Although there is no significant activity in the extremist or revolutionary activities areas, you must insure that you are not lulled into a false sense of security. As you are aware, it is vital that we are in a position at all times to discharge our obligations in all areas, and comprehensive informant coverage is the only method wherein we can continue to be assured of success.

Missed deadlines in applicant, civil rights and fugitive cases were above the field averages and must be reduced. The substantive errors and undesirable trends detected by the Inspection Staff point out the need for increased supervision and closer adherence to the Bureau's rules and regulations on the part of all personnel. The Inspector's inquiries into the investigative work performed by two Agents under your direct supervision disclosed that you failed to detect serious deficiencies

Mr. Charles D. Brennan

on the part of these men and it was your supervisory responsibility to insure that instances of this nature did not occur. You are, therefore, being censured, and it is expected you will be more alert to your obligations in the future so that further criticism of this nature may be avoided.

I was pleased to note that the Chief Clerk's Office was found to be operating efficiently with pending work and project work below the field averages. Additional efforts should be made to reduce the number of form errors and misfiled index cards. Insure that you continue to afford the important operations of the Chief Clerk's Office and stenographic pool your close personal attention.

A review of your Applicant Recruitment Program indicated your office had not met the established quota for clerical applicants. You have a heavy responsibility to insure participation in this program by seeking out qualified applicants from among all Americans. I expect improvement of your achievements in this area.

I have reviewed your contact program and am displeased that you have so few officially recorded SAC contacts. Further, I note a decline in the number of these contacts, and it is obvious that your program needs considerable strengthening to insure the Bureau has valuable and diversified contacts in your area. Your speech program requires additional attention to insure the Bureau's work and responsibilities reach a broader spectrum of the northern Virginia population. Your liaison and National Academy programs are considered to be effective and your overall police training program productive.

While it is recognized your service as Special Agent in Charge has been less than one year, the inspection findings set forth above indicate a need for more aggressive leadership on your part to insure the Alexandria Office is meeting its responsibilities in all phases of our operations.

You and your Assistant Special Agent in Charge should carefully review the results of the inspection and within thirty days of the receipt of this letter advise the Bureau of the corrective action taken.

Very truly yours,

C. M. Kelley

Mr. Clarence M. Kelley
Director, Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Kelley,

My wife and I wish to express our gratitude to the F.B.I., and most especially to three agents, for their help in solving a burglary at our home just one week ago tonight.

On the night of August 16, 1973, about 5⁰⁰ PM, my wife and I returned home from my medical office, where we both work, and found our home, of 1226 N. Pegram St, Alexandria, Virginia, completely ransacked and burglarized. We were completely shaken by the utter disarray, with every closet open, every drawer in the house pulled out, every door ajar, and my wife's boudoir area topey turvey and all her valuable jewelry gone. of especial interest was a large 7.45 ct. diamond ring of great work to us.

The three agents I beleive should receive special commendation are C. D. Brennan, Edw. F. McLaughlin and Mr. McCabe. Mr. Brennan, I understand, is the agent who is chief of the section, and he came to our house immediately after being called by the Alexandria Police Dept. and took charge of the investigation. Mr. McLaughlin is the agent who, thru his superb police and investigative work, found most of the stolen items within 8 hours after the burglary. Mr McCabe was gentlemouly, courteaous, business like, and most considerate of our feelings.

We asked Mr. Brennan if there was anything else we could do to show our Thanks after they had returned the property. He said in all modesty "We only did our job." That was a complete understatement, and we wish to express our gratitude to your great organization, and most especially to the three men whose names I've given you.

We have given them our personal "Thank you" and we beleive they should received another "Thank you" from you, Their Director.

Sincerely yours,

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Dear Mr. Brennan:

While there should be no need to bring the following to your attention, recent revelations in more than one office have indicated that possibly some "double standards" do exist as concerns field executives and Special Agent personnel.

You are reminded that rules and regulations pertaining to #3 cards, operation of FM two-way radios in Bureau cars (in and out of service transmissions), use of Bureau cars for official purposes only and not converted to employee's personal use, and maintenance of Auto Record forms (FD-73) are applicable to all SACs and ASACs, as are all Bureau regulations.

INSPECTION - ALEXANDRIA OFFICE
INSPECTOR JAMES J. DUNN, JR.
1/21 - 2/1/74

SUMMARY

Officials: Charles D. Brennan, SAC since 10/16/72; O. Franklin Lowie, ASAC since 4/19/72. Last inspection: 6/25 - 7/6/73.

Physical Condition and Maintenance - Excellent (Last Inspection - Excellent). Office continues to occupy entire 5th floor and one-half of 4th floor in downtown commercial office building with radio shop and storage room on ground floor. Office space in excellent condition; maintained in neat, businesslike manner and secure. Suggestion made to improve security in radio shop and storage room. Resident Agency (RA) space well maintained and secure; however, space (305 square feet) in one-man RA at Culpeper, Virginia, excessive. Office advised to correspond with Administrative Division regarding excess space. Office utilizes firearms ranges at FBI Academy and Alexandria Police Department. Latter range is adequate and secure. Representative number (29) of vehicles inspected and no safety defects detected. Use of assigned motorcycle infrequent and office advised to correspond with Bureau regarding greater need in another office. Fleet adequate. Repair costs per mile, operating costs per mile and repair costs per car below field averages. Accidents (2) down 1 since last inspection; one employee held responsible. Safe driving stressed. Technical equipment properly maintained and used on authority of SAC. No delinquencies detected in technical or radio equipment.

Investigative Operations - Good (Last Inspection - Good). Case load 1/31/74 - 2004 (1910 active); down from last inspection - 2019 (1930 active). Case load per Agent slightly above group and field averages. Case closings per Agent also above group and field averages. Delinquency above group average and equal to field average 6/73 - 11/73.

Statistical accomplishments for Fiscal Year (FY) 1974 (first 7 months) down 37% in convictions, and up 128% in fines, savings and recoveries, and 3% in fugitives apprehended. Decline in convictions due primarily to reluctance of Federal Judge to

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

entertain prosecution in certain categories of Escaped Federal Prisoner (EFP) cases and decline in Bank Fraud and Embezzlement (BF&E) convictions. SAC indicated added emphasis will be placed on BF&E matters. Inspector suggested discussions with U. S. Attorney (USA) if problem persists in EFP cases where prosecution warranted and not entertained and Bureau to be advised of results. Five substantive errors detected (handled separately). Errors involved delayed investigation in Impersonation case, failure to remove apprehended EFP subject from NCIC, incorrect recording of interview and inadequate investigation in White Slave Traffic Act case, failure to prepare warning and waiver form and maintain interview log in Bank Robbery (BR) case and failure to use a caution statement regarding sensitive photographs in security case. Suggestions made in handling three non-origin Top Ten Fugitive cases. Missed applicant, civil rights and fugitive deadlines above field averages. In FY 1974 (as of 1/25/74) 9 of 25 violations (36%) of BR Statute solved. Field solution rate as of 12/31/73 was 55%. Office's long-range solution rate is 67% compared to field average of 69%. Suggestions made to improve BR program and solution rates.

Criminal Intelligence and Interstate Gambling Activities Programs rated good (same rating as last inspection). One conviction recorded during first six months of FY 1974 compared to 3 convictions in FY 1973. No cases currently pending prosecution. No La Cosa Nostra in Division. Predominant type of lucrative continuing crime in territory is small-scale gambling. Inspector noted a more substantial effort should be made to open and investigate Illegals Gambling Business (IGB) cases. (Alexandria office of origin in only one IGB case during period July - December, 1973.) Number of Agents assigned exclusively to organized crime increased from 2 to 3 in December, 1973. Only 8 origin cases in organized crime field under investigation in December, 1973, and it was pointed out this is very minimum number of such matters Alexandria can reasonably justify initiating. Advised to intensify efforts to pursue organized crime matters having potential for tangible achievements. No Title III coverage utilized. Office encouraged to be alert for opportunities to use this technique as well as body recorders and microphones. Alexandria presently has one top-echelon (TE) informant and three targets. Slight improvement from previous inspection when office had one TE informant and no targets. Need to revitalize TE Criminal Informant Program stressed. Suggestions made regarding two additional targets having apparent excellent potential.

Criminal Informant Program (CIP) rated good (same as last inspection). 25 CIs (down 7), 98 PCIs (up 45). RA territory numerical CI coverage declined while Headquarters City CI coverage remained same. Slight improvement in quality since last inspection. Number of PCIs increased in RAs and in Headquarters City since last inspection. SAC told to afford these matters closer scrutiny to improve the quantity and further improve the quality at Headquarters City and reverse the

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

downward trend of CIs in the RA territories. Accomplishments attributable to CIP up in 5 of 8 categories for first 6 months of FY 1974.

No Communist Party activity in territory. Small, inactive Cuban and Chinese population. Office advised to develop Chinese sources because of anticipated increase in size of official Chinese community in greater Washington, D. C., area. No significant activity in revolutionary, subversive or nationalistic tendencies matters. Extremist situation continues relatively calm. National Socialist White People's Party only extremist group active in territory. Inspector stressed need for additional informant coverage. Nation of Islam unsuccessful in attempts to organize mosque. Extremist informant coverage rated good. No Soviet or satellite establishments in territory. Soviet-bloc officials living in Northern Virginia investigated by Washington Field Office per Bureau instructions. Office alerted to closely follow Bureau instructions regarding coverage of Soviet commercial airline service at Dulles International Airport beginning winter 1974 - 1975.

Aircraft Hijacking Plan well organized. Office told to give strong consideration to developing two plans - one each for Dulles and National Airports. Office given number of other suggestions to further improve overall hijacking plan. Specific case suggestions made to assist in apprehending UFAC fugitive, to obtain more detailed background on security subjects and to reopen antiracketeering case for further investigation.

Administrative Operations - Good (Last Inspection - Very Good). Alexandria 4-desk office - justified. Per Inspector's observations, Office will request Bureau authority for realignment of certain accounting matters between squads. Alignment of cases will be further reviewed in three months and, if unequitable, Bureau will be requested to authorize changes. Three established RAs covering approximately 2,200 square miles with estimated population of 295,000. One RA (Manassas - 2 Agents) established since last inspection. Southern portion of Alexandria territory covered by 1 Agent utilizing space in Fredericksburg RA (Richmond Division). Considering economy of operation, statistical accomplishments, population and area covered all present RAs justified. SAC advised consideration being given to adding 1 additional Agent at Fredericksburg; however, after analysis of work load by Inspector additional Agent not justified and SAC agrees.

Special Agent Accountants assigned Alexandria adequate and are being afforded assignments to upgrade individual experience ratings. Chief Clerk's Office operating efficiently; pending work below field average; project work current. Form errors and number of misfiled index cards below field averages. Files and exhibits (evidence) properly and securely maintained; however, office advised to give increased attention.

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

to bulky exhibits in effort to keep inventory at minimum. Stenographic production below group and field averages with no delinquency during most of period. Bureau-approved odd-hour shifts justified. Overtime productive, necessary and equitably shared. No discrepancies detected in audits of Confidential and Imprest Funds.

Undesirable trends detected and corrected involved delay in presenting Escaped Federal Prisoner cases to USA, and delay in submitting reports in Organized Crime matters. One administrative write-up concerned failure to advise the Bureau of a complaint of harassment by Agents.

Personnel Matters - Very Good (Last Inspection - Very Good). Total complement 1/18/74 - 112 (64 Agents, 48 clerks) - unchanged since last inspection. Following analysis, Inspector and SAC agreed Agent complement of 63 (reduction of 1) is adequate and not excessive. Inspector noted additional employees assigned to stenographic pool during 6-month period 7/73 - 12/73; however, average pages per employee decreased. Inspector noted several factors which had bearing on decrease in production; however, office will reevaluate stenographic needs during next three months and advise Administrative Division in early 4/74 of its observations and recommendations regarding possible reduction of stenographic complement. Morale very good. No Agents on probation, overweight, or on limited duty. SAC, ASAC and Supervisors performing on-the-spot supervision to provide proper training and leadership. No work-related injuries since last inspection. Incentive awards and commendations utilized when special recognition merited.

Since last inspection two Agent applicants recruited and one appointment outstanding for future new Agent's class. Need for reserve of outstanding Agent applicants stressed with focus on attorneys, accountants, minority groups and women. 38 clerical applicants recruited (clerical quota 18). Office instructed to continue to utilize minority employees in minority recruiting.

Contacts - Very Good (Last Inspection - Good). 11 SAC contacts (9 developed by SAC since last inspection). 8 are located in Headquarters City area, two at Dulles International Airport, and one in Stafford County. SAC advised to make efforts to establish SAC contacts in territories covered by Culpeper and Manassas RAs. Comparing period 1/10/73 - 7/10/73 and 7/10/73 - 1/10/74, career day speeches dropped from 41 to 15 (2 summer months included in latter period). Other speeches increased from 9 to 14. Inspector advised SAC that he and ASAC should make greater effort to personally handle speaking engagements before quality groups. Liaison and National Academy Programs effective and police training program providing wide coverage throughout the Division. During calendar year 1973, number of police schools increased from 36 to 63 over prior calendar year and attendance increased from 744 to 1769. Hours of instruction decreased from 689 to 484 due primarily to

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

heavy demands on office in 1972 for training to local departments based on minimum standards requirement and increased demand at Northern Virginia Police Academy. These demands decreased in 1973. Hours of instruction expected to increase during 1974 particularly in training smaller police departments. SAC told to concentrate more effort in news media and public relations fields. Persons contacted indicated they have excellent relations with personnel of Alexandria Office.

RECOMMENDATIONS:

1. Charles D. Brennan, GS-17, aged 51, first office as SAC. Makes excellent appearance. It was noted during last inspection that Brennan relatively inexperienced in operating a field office due to length of previous assignments at FBIHQ. Last inspection letter to him stated inspection findings indicated a need for more aggressive leadership on his part. Inspector believes some improvement has taken place but additional efforts still needed particularly in more personal involvement by SAC in speech program. Inspector so advised SAC. SAC is available without restriction for promotion or transfer. During inspection, two substantive errors detected in cases supervised by him. One error involved incorrect recording of interview of victim and inadequate investigation in White Slave Traffic Act case and second error involved failure to file warning and waiver form and maintain interview log. SAC not culpable as errors involved matters believed to be primary responsibility of case Agents and due to volume of work and office responsibilities of SAC. Administrative write-up (copy attached) prepared citing failure of SAC to advise Bureau of harassment complaint against Agents in deserter-fugitive case. SAC states he did not believe complainant's labeling of investigative efforts as harassment "made it so" and states he did not feel "rantings of an alcoholic" merited advising the Bureau. This position not in accordance with Bureau instructions regarding advice to Bureau on harassment complaints. Continue as SAC. Attached for approval is communication to SAC enclosing summary of inspection findings as well as admonishing him for not notifying the Bureau regarding the harassment complaint made against Agents of his office.

2. ASAC O. Franklin Lowie, GS-15, aged 45, first office as ASAC. Makes excellent appearance and is available for transfer or promotion without restriction. SAC states ASAC has clearly demonstrated he is capable of serving as Section Chief at FBIHQ or as SAC of small office. Inspector believes Lowie would benefit by

Memorandum to Mr. Callahan
Re: Inspection - Alexandria Office

additional experience in present assignment. During inspection two substantive errors detected in cases supervised by ASAC. One error involved failure to clear subject's name from NCIC after his location by auxiliary office. SAC recommends against censure and Inspector agrees as error does not go to merits of case and locate placed in NCIC by auxiliary office. Second error involves delayed investigation in impersonation case. SAC recommends against censure and Inspector agrees. ASAC did not have opportunity to review file until it came up on tickler 1/15/74 and ASAC handling volume desk with majority of criminal classifications in office. Continue as ASAC.

3. Recommendations concerning other personnel being handled separately.

Memorandum

MR. CALLAHAN

DATE: 2-27-74

FROM: H. N. BASSETT

SUBJECT: PERSONNEL CHANGES

Charles D. Brennan

By letter of 2-20-74 Bernard L. Huelskamp was advised of the Bureau's final decision to demote him from the position of SAC. Accordingly, a vacancy now exists in the Salt Lake City Office in the position of SAC and the purpose of this memorandum is to recommend a replacement, together with other changes attendant to the vacancy at Salt Lake City.

Attached is the summary of the inspection of the Alexandria Office covering the period 1/21-2/1/74. A review of this summary discloses that Alexandria was rated Excellent in physical condition and maintenance, Very Good in personnel matters and contacts and only Good in the extremely important elements of investigative operations and administrative operations. Alexandria at the time of the prior inspection, 6/25-7/6/73, also received a rating of Good in investigative operations. At that time the Inspector noted that SAC Brennan should display more aggressive leadership. It is apparent from the current inspection that Brennan has not displayed the leadership necessary for the Alexandria Office. True, Alexandria is a relatively small office, fluctuating between a Group III and a Group IV office, the most recent statistics disclosing that it is a Group III office; however, it is the last so listed office in this category. However, in view of the proximity of Alexandria to the Washington area, it is an extremely important office which handles many sensitive investigations.

In view of the foregoing information, it is believed that a change in leadership is necessary at this time and, accordingly, it is being recommended that SAC Brennan be transferred from Alexandria to fill the vacancy in Salt Lake City. In this regard, there are only 4 offices smaller than Salt Lake City.

As you may recall, Ralph J. Rampton, SAC of the Administrative Division, New York Office, sent a letter to Mr. Kelley 2-4-74 requesting that he be considered for the Salt Lake City Office vacancy.

Memorandum to Mr. Callahan from H. N. Bassett
Re: Personnel Changes

By letter of 2-7-74 Rampton was advised by Mr. Kelley that no decision had been made relative to replacing the current Agent in Charge (Huelskamp) in Salt Lake City, but should such action take place in the future, he would receive every consideration. Assistant Director Malone, New York Office, was advised of Rampton's request. I discussed this with Mr. Malone on 2-26-74 and he advised that he would not want to stand in the way of Rampton in connection with his desire for assignment to Salt Lake City as SAC since, in Mr. Malone's opinion, Rampton could do a very fine job as SAC in just about any office. However, he did point out that his loss would be keenly felt in the New York Office since he is doing an extremely fine job in his current position, one in which he is becoming very knowledgeable and as a result, very effective. Malone also pointed out that there has been a heavy turnover of SACs in the New York Office and he feels that this lack of continuity has acted to some extent to the detriment of the efficient running of the New York Office. With regard to Rampton, it is noted that he reported to New York as recently as 7-25-73 and assumed his current position as recently as 9-20-73. Moreover, it is also important to note that Mr. Malone, as well as Rampton, is eligible to retire now and the other 3 SACs will be eligible this year. This is not to indicate that these men have any intention of retiring, but the fact remains that they are eligible; thus, if they take this step again we are faced with a loss of continuity in the New York Office. It is definitely believed, therefore, that the best interests of the Bureau would be served in leaving Rampton in his current position and at some future date he could be favorably considered for assignment to Salt Lake City, depending of course on the circumstances existing at that time.

If the above recommended action concerning Brennan is approved, it is recommended that SAC Robert G. Kunkel of our St. Louis office be transferred to Alexandria. While St. Louis is currently a Group II office, as noted previously, Alexandria handles many delicate-type investigations. Kunkel is well known in the area, he has many contacts, having previously served as SAC in Washington Field Office, and therefore in view of these factors, as well as his leadership qualities, it is believed that he is ideally suited for the Alexandria vacancy.

In making the above recommendation concerning Kunkel, it is believed important to briefly set forth the circumstances relative to his transfer from Washington Field Office to St. Louis. He served as SAC in WFO from 7-28-70 until he reported to St. Louis on 10-26-72. On 5-21-72 WFO had

Memorandum to Mr. Callahan from H. N. Bassett
Re: Personnel Changes

coverage of an anti-war demonstration in Washington, D. C., and one of our agents was assaulted by the demonstrators. Several communications from WFO concerning this incident indicated that the agent was injured while attempting to go to the aid of a Metropolitan police officer. Subsequently, sometime in August, 1972, former Acting Director L. Patrick Gray, III, received information (speculation is that he received it from Police Chief Wilson) that WFO had not furnished the complete facts to Gray relative to the assault on this agent. Accordingly, Mr. Gray ordered an inquiry by the Inspection Division, the results of which were set forth in a memorandum dated 8-15-72. It was concluded that Kunkel had not used good judgment in reporting the information to the Bureau, that he had not taken prompt steps to make sure that all the facts had been reported, and as the SAC had failed to properly discharge his overall responsibilities. While Mr. Gray received the results of the inquiry in the middle of August it was not until 9-29-72 that he personally interviewed Kunkel concerning the above derelictions. (A tape recording was made of this interview with Kunkel's knowledge.) At that time Kunkel was censured, placed on probation and transferred to St. Louis. During this month and a half period rumors ran rampant as to what action Mr. Gray planned on taking against Kunkel and in fact in the 8-30-72 issue of the Washington Star an article appeared indicating that Kunkel had been under internal investigation and probably would be transferred. When he finally was transferred there was considerable newspaper publicity. In addition, a month and a half delay in taking the final action and the attendant publicity before and after had a devastating effect on Kunkel as well as his family. Nevertheless, he has done a good job in St. Louis. He was last inspected 3/73 and received ratings of Very Good in 4 categories and Excellent in 1, the Inspector noting that he was a firm leader.

If the above 2 recommendations are approved, it is then recommended that SAC Wesley T. Whaley, Albuquerque, be transferred to St. Louis to replace Kunkel. Whaley is 51 (he will be 52, 3/1/74), married with 3 children, aged 24, 20 and 14. He reported to Houston as his first office as SAC 11-25-66 and has served in his current office since 2-24-70. He was last inspected October, 1973, and received ratings of Very Good in all 5 categories. The Inspector noted that he was an experienced SAC who was available without restriction. This would amount to a promotion for Whaley since he is serving in a Group IV office whereas St. Louis is a Group II office. Albuquerque for the first 7 months of this fiscal year, compared with a like period last fiscal year, was up in all 3 categories (fines, savings, recoveries - fugitives - convictions).

Memorandum to Mr. Callahan from H. N. Bassett
Re: Personnel Changes

RECOMMENDATIONS:

1. That the attached inspection summary on Alexandria, together with the proposed letter to SAC, Alexandria, advising him of the results of this inspection, be approved.

2. That SAC Charles D. ~~X~~Brennan be transferred from Alexandria to Salt Lake City at no change in grade or salary. (This recommendation takes into consideration SAC Rampton's request for assignment to Salt Lake City but for reasons previously stated it is not felt that Rampton should be so assigned at this time.)

3. That SAC Robert G. Kunkel, St. Louis, be transferred to Alexandria at no change in grade or salary.

4. That SAC Wesley T. Whaley, Albuquerque, be transferred to St. Louis at no change in grade or salary.

PERSONAL ATTENTION

INSPECTION - ALEXANDRIA OFFICE

I have reviewed the enclosed summary of the results of the recent inspection of the Alexandria Office and have approved the ratings contained therein.

During the course of the inspection, it was noted that you failed to advise the Bureau of a harassment complaint against Agents of your office. As you are aware, the Manual of Rules and Regulations provides that there must be no delay in notifying the Bureau concerning any allegations of either misconduct or improper performance of duty on the part of Bureau personnel. You should have recognized that the matter involved was such that prompt notification to the Bureau was required. In the future, you should insure that the Bureau is notified promptly upon receipt of any allegation of misconduct or the improper performance of duty on the part of Bureau personnel.

You and your Assistant Special Agent in Charge should carefully review the inspection findings and within thirty days of the receipt of this letter advise the Bureau of the corrective action you have taken.

You will observe that a new format is being utilized to transmit the results of this inspection. Accordingly, you are also requested to furnish your comments and observations concerning this trial procedure.

Mr. Clarence Kelley
Director
Federal Bureau of Investigation
Washington, D. C. 20535

Dear Mr. Kelley:

I intend to retire effective with the close of business July 19th. Enclosed are records certifying my military service and a Form 2801.

I would have preferred to give you longer notice; however, the dalliance of Congress and the Executive Branch in approving the retirement bill forestalled my ability to advise you sooner.

In the meantime, I had made plans affecting the future of myself and my family which necessitate leaving July 19th. Eventually I will return to Virginia, where I resided for twenty-three years before the needs of the Bureau presumably dictated my transfer to Salt Lake City. My forwarding address will be 487 North Owen Street, Alexandria, Virginia 22304.

RETIREMENT INFORMATION

Name: **Charles D. Brennan**Date: **7-17-74**

APPLICATION

- ☒ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
☐ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. Return this form to the Bureau.

- ☐ Not applicable.
☒ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ 11.
☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ _____.

ANNUITY

Annuities are computed on full months of service. The estimated annuity below is based on your ☒ Bureau service, including 0 year, 6 months, 20 days of accrued sick leave, ☒ other civilian Government service and/or ☒ military service known to us, totalling 29 years, 25 months, 25 days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls. Separation for disability retirement or for SA retirement cannot be made final until CSC has notified FBI of the approval of your application.

plus annuity for each eligible child.

SEPARATION FROM ROLL

Since you ☒ will cease active duty ☐ ceased active duty on 7-19-74 your annuity will commence 7-20-74 immediately following the ☒ cease active duty date or ☐ expiration of sick leave on _____ earned through _____. Item B2 on application ☐ changed to ☐ should be changed to close of business _____.

If ☐ annual leave or sick leave was or will be used by you subsequent to _____ this may change the effective date of your retirement and shorten your total length of service. Bureau should be advised immediately of any such change.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. CSC will advise you of this amount.
- ☒ If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. CSC will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.
- ☒ Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service. Internal Revenue Publication, Comprehensive Tax Guide to U.S. Civil Service Retirement Benefits, may be of assistance to you. Note: You are required to file a Federal gift tax return, Form 709, if you elect a reduced annuity with benefit to surviving spouse. In the usual case it is unlikely any tax will be payable; however, a tax return must be filed.
- ☒ You should send CSC over your signature any change in address, setting out your CSA (retirement) number.
- ☒ Following your separation date, you will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ 5800. A deduction for Federal income tax has been made from this estimate.

ENCLOSURE

(over)

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

- ☐ Records show you elected Optional Insurance of \$10,000 and have Regular Insurance of \$ 38,000.
- ☒ Records show you declined Optional Insurance but are covered by Regular Insurance of \$ 38,000.
- ☐ Records show you waived both Regular and Optional Insurance.

You may continue your group life insurance coverage following retirement or convert it to an individual life insurance policy without being required to undergo a physical examination. Conversion to an individual life insurance policy necessitates paying the usual premium for a person of your age and class of risk. If you decide to convert, the Bureau should be immediately advised. Otherwise, SF-56, "Agency Certification of Insurance Status," will be forwarded to CSC and a copy sent to you. If you elect to continue Regular Insurance coverage, such protection will continue premium free until you reach age 65. At that time coverage will be reduced 75% (at 2% per month) by the time you reach age 68 years and 2 months. The remaining 25% is also premium free for the remainder of life. Optional Insurance of \$10,000, if continued after retirement, will be at full premium cost until you reach age 65. Thereafter, it is cost free for the remainder of life and commencing at age 65 it will be reduced 75% at the same rate as Regular Insurance. The premium cost of Optional Insurance varies as to age beginning at \$2.82 monthly for persons under age 35 and ranging to \$41.17 monthly for persons age 60 or over. Optional Insurance may be continued after retirement if you continue to pay for it until age 65 provided you keep Regular Insurance. To retain the Optional Insurance requires no action; CSC will deduct the cost from your annuity. You must have had Optional Insurance for all of your service during which it was available (first offered in 1968) or for 12 years immediately before your retirement. Optional Insurance may be converted to an individual policy if you are not eligible to continue it or, if you do not wish Optional Insurance to be continued, you may waive coverage at any time by notifying CSC and still keep your Regular Insurance. Following retirement, double indemnity benefits concerning accidental death and dismemberment no longer exist for either Regular or Optional Insurance.

- ☐ You elected Optional Insurance on _____. If you desire to waive the insurance, you should submit SF-176. If you desire to convert the Optional Insurance, submit in duplicate a signed statement that you want to convert the Optional Insurance to an individual policy and wish to be informed how to do it.

Note: If the annuity of an insured retired employee is terminated under any applicable law or regulation, his regular and/or optional life insurance coverage stops on the date of such termination, with no conversion rights thereafter.

DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE FILED:

- ☐ No. Beneficiary will be in order of precedence used by U.S. Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
- ☒ Yes; beneficiary designated as Evelyn B. Brennan, wife, full.
- This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement.

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

- ☐ Records show you elected not to enroll.
- ☒ Records show you enrolled in the following plan:
- ☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
 - ☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
 - ☐ Comprehensive Medical Plan
 - ☒ Special Agents Mutual Benefit Association (SAMBA) (See information below on SAMBA Life Insurance).

Unless you cancel your present health benefits enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self only."

The original of SF 2810, "Notice of Change in Health Benefits Enrollment," will be forwarded to you by the Bureau at a later date.

SAMBA LIFE INSURANCE - The life insurance you carry under SAMBA on yourself and dependents will continue in force until 1-10 or 7-10 coinciding with or next following the date of your retirement providing you pay the premium semi-annually. However, if premium for this coverage is withheld by payroll allotment, the life insurance ceases as of the date your separation for retirement becomes effective, with a 31-day grace period. If you desire to continue the protection beyond this time, you may do so without a physical examination on you, your spouse, and children under age 21. You may elect to continue to age 70 at group rates 50% of the life insurance on you, your spouse, and children as follows:

Your Pre-retirement Amount	Amount Continued at Retirement	Semi-Annual Cost	Spouse and Children Pre-retirement Amount		Amount Continued at Retirement		Semi-Annual Cost
			Spouse	Child	Spouse	Child	
\$ 3,000	\$ 1,500	\$ 3.25

30,000	15,000	75.00					
35,000	17,500	87.50					

If you desire to convert 50% of your present life insurance, write within 31 days before your coverage terminates to SAMBA, Suite 750, 1325 G Street, Northwest, Washington, D. C. 20005. You may continue this coverage until January 10 or July 10 which coincides with or next follows your attainment of age 70. You will be billed on a semi-annually basis on January 10th and July 10th. At age 70, this coverage will terminate and you may then convert the amount of life insurance carried with SAMBA on you and your spouse to a regular policy with The Prudential Insurance Company of America.

At retirement the 50% of SAMBA Life Insurance that cannot be continued with SAMBA may be converted to a regular policy with Prudential on you and your spouse, but not on the children. The premium will be the same as if you and your spouse applied for an individual policy at that time. You may make the necessary conversion arrangement through the nearest Prudential Office.

SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)

If you are a member of SATI upon retirement, you cannot continue the Long Term Disability (In-Hospital Income, Salary Continuation and Pension Supplement). You may continue the Accidental Death, Dismemberment and Permanent Total Disability and the Accident Indemnification at the same rates and amounts to age 65. You may also continue the coverage on your spouse to age 65 and your dependent children from age 1 to 19 (or 23 if full-time student.) Upon retirement your premium cannot be withheld by payroll allotment. You should contact Wright & Company who in turn will issue a monthly premium payment book. The Accident Indemnification cannot be continued after age 65. If you retire due to disability and belong to SATI, you should contact Wright and Company, Suite 1222, 1001 Connecticut Avenue, N. In connection with the current inquiry being conducted at the request of the Special Prosecutor's Office (SPO) pertaining to the removal from the FBI of the records of the 17 national security wiretaps, Mr. Frank Martin of the SPO telephonically advised during the late afternoon of 7/26/74 that retired SAC Charles D. Brennan was to be interviewed by his office Monday evening, 7/29/74. According to Martin, the SPO then intends to have Brennan appear before the Federal Grand Jury on Tuesday, 7/30/74, after which Brennan will immediately return to the West where he is vacationing.

In connection with Martin's contemplated interview with Brennan, he stated he was interested in reviewing or having available any information contained in Brennan's file relating to the "demotion" of Brennan in late June or early July, 1971. Martin continued that in the past the SPO had made a written request to the Bureau to review Mr. W. C. Sullivan's personnel file and it was his understanding this caused a bit of "flap" within the Bureau and subsequently copies of some material from Sullivan's file were furnished to the SPO. Martin was informed that the writer would be back in touch with him on 7/29/74 but pointed out that personnel files are held to be sacrosanct for obvious reasons and he stated he understood the Bureau's concern in this regard.

By way of background, a review of Brennan's file records that on 6/28/71 Mr. Hoover dictated a memorandum to Mr. Tolson and Mr. Mohr stating he wanted the following changes to be made effective immediately and thereafter set forth the identities of 9 officials to be transferred including Brennan from the position of Assistant Director of the Domestic Intelligence Division to be named SAC at Cleveland. Then SAC Joseph E. Ponder, assigned New York, was named to replace Brennan in the Domestic Intelligence Division. These changes appear to have been precipitated by the retirement of Rufus R. Beaver who was then assigned to the Associate Director's office. Brennan's file also contains a copy of Brennan's transfer letter as SAC, Cleveland, dated 6/28/71 and also in file is a letter from

Memorandum to Mr. Callahan
Re: Removal of National Security Wiretap Records

the Director to Brennan dated 6/29/71 advising the action taken 6/28/71 changing Brennan's headquarters from Washington, D. C., to Cleveland as SAC "is hereby rescinded." A letter to Mr. Hoover from Brennan dated 6/30/71 acknowledges the rescinding of his transfer to the field and expresses his appreciation. Also contained in Brennan's file is a memorandum from Mr. Felt to Mr. Tolson dated 7/1/71 captioned "Leak in Information Concerning Transfer of C. D. Brennan to Cleveland as SAC." In this memorandum Felt states that on Mr. Hoover's instructions on 7/1/71 he interviewed W. C. Sullivan and Brennan concerning a leak of information to the Department as to Mr. Brennan's transfer to Cleveland as Special Agent in Charge. Felt continues that he asked ^{both} individuals whether they had discussed this matter with anyone outside the Bureau and specifically whether they had discussed the matter with anyone in the Department of Justice. According to Felt's memorandum Sullivan and Brennan emphatically denied they had discussed the matter with anyone outside the FBI including the Department of Justice. Felt's memorandum attached as an enclosure a memorandum from Brennan to Felt dated 7/1/71 wherein Brennan states he received his transfer letter on Monday afternoon shortly after 5:07 p.m., discussed the transfer with Mr. Sullivan who advised Brennan that he should officially inform the Section Chiefs of the Domestic Intelligence Division at the earliest opportunity. Brennan states he held a Section Chiefs' conference at 10:00 a.m. on 6/29/71 and informed the conference of his transfer. His memorandum continues that he had no further discussion of the transfer with anyone inside the Bureau or outside the Bureau and had no discussion with anyone in the Department of Justice.

Brennan's file further indicates that on 9/8/71 Mr. Hoover reassigned Brennan from the position of Assistant Director, Domestic Intelligence Division to Inspector in Charge of the Special Investigations Office with the responsibility of supervising the Ellsberg case and related "leak" cases. Mr. E. S. Miller was designated the same date to be Acting Assistant Director of the Domestic Intelligence Division.

On 7/29/74 SA Russell H. Horner, Intelligence Division, who has been responsible for preparing correspondence to the Department and SPO pertaining to the 17 security wiretaps advised that on 3/4/74 the SPO by letter requested all memoranda in Sullivan's file regarding the wiretaps and the removal of the records from the Bureau's custody. The SPO also wanted a summary of Sullivan's Bureau record and requested to review Sullivan's entire file. By reply to the SPO dated 3/15/74 the Bureau tactfully denied the request that the SPO review Sullivan's file and pointed out the summary of Sullivan's personnel file consisted of approximately

Re: Removal of National Security Wiretap Records

47 pages. In our response we did inform the SPO that if Mr. Ruth (Mr. Jaworski's Number One Assistant), or representative of the SPO desired to review the file in our presence this would be possible. We also enclosed copies of a number of memoranda appearing in Sullivan's file pertaining to the wiretaps which encompassed a period of time from October, 1971, to July, 1973. We also furnished copies of several newspaper articles for the SPO's information.

With this background at hand, this matter was discussed with Mr. Adams and it was agreed that Martin should be called back and informed that there is very little information in Brennan's personnel file concerning his demotion and transfer as SAC, Cleveland, and its subsequent revocation and Martin would be requested to put his request in writing.

On the morning of 7/29/74 Mr. Martin was telephonically advised of the paucity of information concerning this particular transfer action and Mr. Martin stated that he would forward a letter to the Bureau requesting that we furnish copies of pertinent data in Brennan's file.

[REDACTED] ET AL., v.
[REDACTED] ET AL.,
(U.S.D.C., D.C.) CIVIL ACTION 76-1326

On February 1, former Assistant Director Charles Brennan telephonically advised me that he had received in the mail a Summons and Complaint in captioned suit naming him as a defendant. He requested advice as to the procedures necessary for him to request Government legal representation.

I told him that if he chose to be represented by the Government rather than private counsel he should write a personal letter addressed to me indicating the date and manner of service, a statement that his actions were within the scope of his employment, and requesting the appointment of Government counsel. I told him that the Attorney General had recently issued guidelines modifying the procedures for requesting the appointment of counsel and that information he furnished in his letter of request could also include such factual information as might be helpful.

He furnished his telephone number 370-3751 in the event it is necessary for him to be called regarding this suit.

RECOMMENDATION:

For information.

Dear Director Kelley:

As you know, the House of Representatives has authorized the Subcommittee on International Organizations, which I chair, to conduct a full-scale investigation of the relations between the United States and the Republic of Korea. Part of this inquiry concerns the awareness of Executive Branch officials of attempts by the Government of the Republic of Korea to influence U.S. officials and policy.

In the course of this line of inquiry, certain FBI personnel, now retired, have become significant. We would like to interview these individuals and I am requesting that you furnish the Subcommittee with their current work status and locations. We also request that the FBI relieve these individuals of any security agreements that may interfere with questioning on the above topic. The individuals are:

William Sullivan, former head, Domestic Intelligence
W. Raymond Wannall, former Assistant Director, Intelligence Division
Charles D. Brennan, former Assistant Director, Intelligence Division
Edward Miller, former Assistant Director, Intelligence Division
John P. Mohr, former Assistant to the Director

If you should have any questions concerning this matter, please have your staff contact Michael Hershman, Deputy Staff Director of the Subcommittee, at 225-7722.

One copy of an FD 302 reflecting the interview of
 former SA DONALD E. MOORE is enclosed.

On 11/13/78, former Assistant Director CHARLES D. BRENNAN was interviewed at his residence advising he has never met nor been contacted by [redacted] (U)

As Section Chief of the Domestic Security Section through the period from 1964 to 1971, he was not familiar with the details of the FEDORA and NOSENKO cases. He was responsible in his position for subversive groups within the United States such as the Black Panthers and the KLU KLUX KLAN. He was, however, a close personal friend of WILLIAM C. SULLIVAN, former Assistant to the Director. In fact, he described himself as SULLIVAN's closest friend. He advised that SULLIVAN never mentioned to him having talked with [redacted]

He further advised that SULLIVAN did not believe in the bona fides of FEDORA and that SULLIVAN left the Bureau

after a bitter fight with HOOVER. He described SULLIVAN as a loyal American who would never intentionally harm the country; however, he thought SULLIVAN might talk about the case to [] if he felt the story needed to be made available to the American people.

On 11/9/78, former Assistant Director JAMES H. GALE scheduled an interview with investigating agents for 11/14/78. At the time of arranging the appointment, GALE volunteered that he had never had any contacts with the author [] (U)

On 11/14/78, GALE was contacted at The Mosby Building, Suite 414, 10560 Main Street, Fairfax, Virginia. This address is that of his law offices which he shares with KENNETH W. SMITH, attorney-at-law. GALE advised that SMITH was the lawyer who represented him. SMITH was present during the interview of GALE. Permission of the Bureau to interview GALE had been requested and previously approved. Permission of the Bureau to expand this approval to include the interview of GALE in the presence of his law partner was not requested for several reasons. These are: (1) at the time of the interview, GALE was not a suspect; (2) GALE had previously indicated he had no contact with [] and (3) this was an initial interview during which classified information would not be discussed. (U)

b6

GALE was initially very hostile toward the interviewing agents advising he has been interviewed frequently in the past year or so and is getting "tired of the harassment" by the Bureau. He further advised he intends to call Associate Director ADAMS to voice these complaints. (U)

It appeared to the interviewing agents that as GALE became aware of the limited scope of the inquiry he settled down. GALE was responsive to the questions and appeared to be pacified at the conclusion of the interview. (U)

GALE advised he has had absolutely no contact with [] He denied being the source for any of [] unauthorized information. GALE stated he was a close friend of WILLIAM C. SULLIVAN who had never mentioned to him whether or not he had been in contact with [] or members of his staff. (U)

WFO is of the opinion at this point the investigation should include interviews with the Departmental Attorneys

who reviewed the material made available by Mrs. WILLIAM C. SULLIVAN after the death of her husband. Although the Departmental Attorneys most probably conducted a thorough review, they may have limited that review to a search for documents with classification markings or with Departmental or Bureau Letterheads. It is possible Mr. SULLIVAN maintained personal notes on FEDORA, a case he apparently felt so strongly about.

DONALD E. MOORE, 5505 Crown View Drive, Alexandria, Virginia, telephone number 751-0327, was contacted at his residence and was advised of the identity of the interviewing agents. He was further advised the agents wished to question him regarding an espionage investigation. MOORE was advised of his constitutional rights by Special Agent (SA) [redacted] of the Federal Bureau of Investigation (FBI), which he waived as shown on an executed form captioned "Interrogation; Advice of Rights." Thereafter, MOORE provided the following information. (U)

(U)

He began his FBI career in March, 1941 and spent tours of duty in New York, Buffalo and Indianapolis before returning to the FBI Headquarters in 1947 as a supervisor. In 1951 he was transferred to Deroit as the Assistant Special Agent in Charge. In 1954 he was transferred to New York as the Special Agent in Charge of the Security Division. Then in 1956 he returned to Headquarters as the Section Chief of the Espionage Branch where he remained until his retirement in June, 1973. (U)

(U)

MOORE advised he has never to his knowledge been contacted by [redacted]. He advised since his retirement he has been contacted by a score of reporters seeking interviews but in all cases he has refused. His only contact with Reader's Digest magazine has been with [redacted] when BARRON was writing the KGB. MOORE assisted BARRON in his research for the book specifically at the direction of Mr. HOOVER. MOORE advised he is not the source for [redacted]. (U)

He advised approximately a year ago he was contacted by HOMER ROYNTON of the FBI and asked if he would appear on the [redacted] Show as a former Bureau employee to represent the Bureau's interests. He respectfully declined. Shortly

(U) thereafter, JOHN BARRON called asking if he might not reconsider, but he remained adamant. (U)

MOORE advised he has read the condensed version of LEGEND; the Secret World of LEE HARVEY OSWALD as it appeared in the March and April editions of Reader's Digest and, it is his impression from reading the material that [] had more than one source. MOORE feels the material does not pinpoint a group within the FBI or CIA. He said he feels secure in saying that the case handlers of FEDORA and NOSENKO strongly believed in the bona fides of the defectors and would not have done anything that might jeopardize their lives.

b6
b7c

In reviewing those individuals within the FBI hierarchy that were in a position to have extensive knowledge of FEDORA and NOSENKO and might discuss that information with [] MOORE could think of only one, WILLIAM C. SULLIVAN, and he made that suggestion reluctantly. He commented that SULLIVAN left the Bureau in the summer of 1971 a bitter man. He had fought with Mr. HOOVER over several issues and thought he, SULLIVAN, was in a stronger position politically with the NIXON administration than the Director was. He even had some idea in a fight he might be named Director over HOOVER. MOORE said HOOVER "dug in his heels" and had the clout to "ride out the storm." In addition, SULLIVAN was one of the few individuals in the FBI that thought FEDORA was probably a "plant". MOORE said even with those motives he still would find it difficult to believe a former Bureau official would discuss a case that might risk the subject's life.

(U) During the interview MOORE commented on several passages from the book, LEGEND, by [] published in 1978 by Reader's Digest Press. MOORE's comments are parenthetically expressed following the passage. (U)

Page 20 - "The FBI had one source, codenamed FEDORA, who was so secret and sensitive that his identity was not immediately disclosed to the CIA, ---." (MOORE doesn't believe that SULLIVAN knew we were not providing the information to the CIA.)

Page 20 - "FEDORA --- offered to supply the FBI with secret information on Soviet missile capacity and nuclear development plans. HOOVER was so taken with his new source that in one report which identified FEDORA as a source of unknown reliability, he struck out the un from unknown. (This sounds like a source within the Bureau; however, the CIA was advised of this.)

~~SECRET~~

After reviewing the article "War of the Moles", an interview of [] by [] which appeared in the March 27, 1978 edition of New York magazine, MOORE advised the information concerning FEDORA was "filled with inaccuracies." He advised the FBI did not hide information from the CIA from FEDORA, as indicated in the article, but instead sent them everything. He did not recall any information from FEDORA regarding the PROFUMO scandal as indicated in the article. Nor does he remember FEDORA providing any information about the Communist Party USA as indicated in the article.

Finally, the article implied SULLIVAN was near discovering a penetration of the New York Office when he was stopped by "Washington." MOORE said we were nowhere near discovering any evidence of a penetration and there was no one powerful enough in Washington to stop SULLIVAN but HOOVER. He advised we investigated penetration accusations for years without finding any concrete evidence and, he knows the results of all those efforts because he knew more about espionage investigations by the FBI between 1956 and 1973 than anyone else.

CIA PERSONALITIES:

MOORE said he considers himself a good friend of JAMES J. ANGLETON whom he described as a talented and brilliant man. He further described ANGLETON as very knowledgeable about Soviet intelligence operations and a strong believer in the Soviet defector []. In fact, MOORE was of the opinion that ANGLETON listened too often to GOLITSIN's theories and began to interpret them as fact.

MOORE described [] as a devoted employee of JAMES ANGLETON at the CIA. He advised that [] was a strong believer in the conspiracy theory that LEE HARVEY OSWALD was a Soviet Agent.

[] of ANGLETON's staff was described by MOORE as a straight-forward, independent individual who was well respected within the intelligence community.

Although he didn't know him well MOORE advised [] [] was a knowledgeable intelligence officer who headed the Soviet bloc division within the counterintelligence section.

In response to a final question as to whether a clerical employee of the FBI might have the knowledge to provide the type of information appearing in the [redacted] book, MOORE responded he thought the odds were "one in a million". Mr. William H. Webster,
Director,
Federal Bureau of Investigation,
Washington, D.C.

Dear Judge Webster:

As a former Agent, I had the opportunity to attend the Ex-Agent's convention here in Washington last week.

I went to the luncheon at which you were the guest speaker. I was impressed with both the scope and the depth of your remarks concerning current FBI operations. Your observations indicated to me that you have an excellent grasp of the intricacies of those operations. You covered a wide range of items of interest in a most informative way and gave us an excellent picture of what you are attempting to do in the Bureau today and how you are going about it.

I was equally impressed with the emphasis you placed on the standards established to insure that the Bureau continues to recruit people of the highest quality. The truth of your statement in that regard was well borne out by two of your current employees who were assigned to work at the convention site to arrange tours for the former Agents and their wives. I am referring to Mrs. Mildred Williams and Mr. Rex Tomb.

On several occasions, I had the opportunity to talk to them and observe them in their dealings with those who approached them. Both of them were mature, refined and courteous and did everything possible to be of assistance. They both were an excellent choice for the assignment. They represented the Bureau in a most impressive and professional manner, and I personally would like to commend and thank them for their efforts.

I would also like to thank you for honoring us with your presence and to wish you continued success in the future.

Sincerely yours,

There follows a summary of findings in our current inquiry regarding this matter conducted pursuant to memorandum from Acting Director Ruckelshaus to Mr. Felt dated 5/4/73 captioned "Wiretaps on Newspapermen."

NARRATIVE:

CHARLES D. BRENNAN

From approximately Spring, 1969, to early Summer, 1971, the FBI at the request of the White House, provided highly sensitive wiretap coverage in the interests of national security. (The exact times of the coverage will be provided by the Intelligence Division separately in their review of the recovered material.) The White House requests were based upon an extreme concern over "leaks" arising out of the Strategic Arms Limitation Talks (SALT), especially from the National Security Council (NSC) to the news media. The original requests were from either Dr. Henry Kissinger or General Alexander Haig (then Colonel Haig) for wiretap coverage on knowledgeable NSC personnel and certain newsmen who had particular news interest in the SALT talks. The specific requests for this coverage were made to either former Director J. Edgar Hoover or former Assistant to the Director William C. Sullivan (and on one occasion by General Haig to SA Robert Haynes, FBI, White House liaison). Written authorization from the Attorney General of the United States was secured on each wiretap.

Upon authorization Mr. Sullivan or representatives of the then Domestic Intelligence Division, namely Special Agents Michael Joseph Rozamus, Bernard A. Wells, Jr., or former Number One Man Joseph A. Sizoo, contacted principally Washington Field Office (WFO) Supervisor Courtland Jones, who would initiate the actual installations. When he received instructions from Bureau Headquarters, Jones would contact Special Agent Ernest Belter, who headed the WFO Monitoring Station. Jones would furnish names, addresses and telephone numbers. Belter in turn would furnish this information to Special Agent James Gaffney, who had liaison with the telephone company which would thereafter result in the physical completion of the wiretap operation.

Memo for Mr. Walters

Re: Sensitive Coverage Placed at Request of White House

Bureau instructions to Supervisor Jones, WFO, were to the effect that this was a highly sensitive project and that only one copy of the monitoring log was to be prepared, uninitialed and hand carried to the Domestic Intelligence Division from WFO. There is no information concerning this special project anywhere in the files of WFO. The logs were picked up each morning and delivered to Supervisor Jones, who would cause them to be hand delivered by a Special Agent to Mr. Sullivan's office.

Approximately a month after this project began the review and analysis of the logs were assigned exclusively to SA Bernard A. Wells, Jr. After review and analysis, he would dictate a summary in the form of a letter to the President of the United States and to Dr. Kissinger. Later, in approximately May, 1970, the letters containing the summaries were addressed to H. R. Haldeman. These letters when completed for signature, were hand carried to the Director's office and given to Miss Helen Gandy for the Director's approval. After approval by the Director SA Haynes would mark the yellow copy (Bureau file copy) "Delivered by Liaison" and noted the date and his initials. The letters were then sealed and personally delivered by SA Haynes to the Office of the addressee at the White House.

For some months at the beginning of the project the yellow file copies were maintained in the Director's office and filed by Mrs. Erma D. Metcalf. She is unable to recall specifically the date, but an instruction was received that all of the yellow file copies were to be taken to Assistant Director Sullivan's office for safekeeping.

During the latter part of July, 1971, Robert C. Mardian, former Assistant Attorney General, was advised by W. C. Sullivan for the first time that the FBI had highly sensitive wiretap material which was "out of channel" at the FBI. (The wiretap project had been completed and discontinued prior to June 24, 1971, the date on which Mr. Hoover appeared before the Senate Appropriations Committee.) Sullivan told Mardian he was in trouble with Mr. Hoover and the possibility existed he would be fired. Sullivan wanted Mardian to convey to the President of the United States that this material was in existence. Sullivan's reason for doing this was to preclude Mr. Hoover's using the information to blackmail President Nixon, according to Mardian. Mardian contacted John Mitchell and relayed Mr. Sullivan's request. Mr. Mitchell said he would handle. Short time later Mardian contacted by Western White House, San Clemente, California, by individual whose name he would not divulge, and instructed to fly immediately to San Clemente to see the President. Mardian obeyed instructions. Met with President of the United States and received two instructions: one pick up material from Sullivan and deliver to White House, Washington, D. C.; second to insure Sullivan's material matched with summaries on hand at White House. Mardian returned to Washington and

Re: Sensitive Coverage Placed at Request of White House

contacted Sullivan, requested all material to which Sullivan referred. This material delivered by Assistant Director, FBI, Charles Brennan. It was delivered in old "beat up" satchel, olive drab in color, with initials of W. C. Sullivan thereon. Shortly thereafter Mardian delivered satchel to Dr. Henry Kissinger and General Alexander Haig at White House. In Kissinger's and Haig's presence, White House correspondence checked against chronological check list which listed all material sent to White House by date. White House summaries in possession of Dr. Kissinger checked, found intact. As best Mardian recalls he then gave check list to Mr. H. R. Haldeman, who as best Mardian recalls, checked summaries in his possession against check list. Two summaries found missing. After check was made Mardian said he took the satchel, which he believes contained summaries, the check list and telephone surveillance logs, and delivered them to the Oval Room in White House. Mardian declined to identify recipient.

It should be noted here that on or about September 30, 1971, Mr. Hoover became aware that the sensitive material was no longer in the possession of the FBI. After having determined through interview of then Assistant Director Charles D. Brennan that he had turned the material over to Mardian Mr. Hoover telephoned Attorney General Mitchell on 10/2/71, at which time Mitchell informed the Director that sensitive files had been destroyed. Mitchell also told the Director that Mardian had the Director's approval for this destruction. Hoover quoted on an official Bureau document, "This is a lie." No further search for the sensitive files was thereafter conducted from 1971 since Mr. Hoover had been assured by the Attorney General they were destroyed.

As a result of the on-going inquiry ordered by Mr. Ruckelshaus it was determined that the sensitive material had not, in fact, been destroyed but had been delivered by Mr. Mardian to the White House as described above. It remained in the possession of Mr. John Ehrlichman April 30, 1973, when the material became part of the "Presidential Papers" where the material remained until 5/12/73, when it was turned over to Acting Director Ruckelshaus and Section Chief Thomas Smith.

There follows a summary of each pertinent witness involved in this inquiry. The summary contains the vital points of which each person can testify and is documented by an attachment behind this summary which is appropriately tabbed and the tab number set forth along with each interviewee.

ADMINISTRATIVE HANDLING AND FILING

Mrs. Erma D. Metcalf, Office of the Acting Director

Mrs. Metcalf advised sometime during 1969 Sullivan telephonically contacted Hoover, advising of possible leaks at White House, and White House

Memo for Mr. Walters

Re: Sensitive Coverage Placed at Request of White House

requested FBI place wiretaps. Hoover advised Sullivan that whatever wiretaps were placed would be done only with prior written authorization by the Attorney General. Metcalf filed yellow file copy of wiretap authorizations in the "Official Confidential Files" maintained in Director's office. She also filed yellow file copy of summaries in same place. While W. C. Sullivan still Assistant Director of DID, decision was made by Mr. Hoover that all correspondence regarding "special wiretaps" which were maintained in the Director's office be transferred to Sullivan's custody at DID. Metcalf recalls specifically Mr. Hoover stating, in her presence, many times that as long as he was the Director he would never personally authorize wiretap coverage on anyone without prior written Attorney General approval. (Interview Report Form on Mrs. Erma D. Metcalf, see tab 1.)

Miss Helen W. Gandy, Administrative Assistant to Former Director Hoover

Sometime during 1969 Sullivan advised Hoover of possible leaks within the National Security Council and that the White House requested the FBI place wiretaps on certain individuals. She believes requests originated with Colonel Haig. She remembers that Henry Brandon and William Safire were subjects of this coverage. Miss Gandy recalls Mr. Hoover advising Sullivan taps would be placed only after written authorization from Attorney General. She recalls summaries were hand carried to her from DID for Director's approval. After Director's approval, she removed yellow file copy and delivered original to Special Agent courier for delivery to White House. Yellow copy given to Mrs. Metcalf for filing. Recalls that while Mr. Sullivan still Assistant Director of DID Mr. Hoover instructed all correspondence relating to this special be transferred to Sullivan's custody. (Interview Report Form on Miss Helen W. Gandy, see tab 2.)

Miss Ruth McCord, Office of the Acting Director

In the absence of Mrs. Erma Metcalf she handled some of Metcalf's work and recalls filing several yellow copies of summaries relating to wiretaps in the "Official Confidential Files." She only recalls name of one individual mentioned in these wiretaps and that was the name of Safire. (Interview Report Form on Miss Ruth McCord, see tab 3.)

PREPARATION OF AUTHORIZATION LETTERS AND WIRETAP INSTALLATIONS

Former SA Michael Joseph Rozamus

Recalls being called into office by then Section Chief Brennan on a Sunday believed in March, 1970. Told by Sullivan White House was concerned about leaks and Bureau was requested to place wiretaps on, to his recollection,

Memo for Mr. Walters

Re: Sensitive Coverage Placed on Request of White House

about 6 individuals, three names of whom he only vaguely recalls, namely Colonel Pursley, John Sears, and Helmut Sonnenfeldt. Sullivan told Rozamus this was a super-sensitive matter and no record to be maintained on these wiretaps and that Director Hoover insisted wiretaps be approved by Attorney General beforehand. Rozamus called in his secretary, dictated usual wiretap request forms over Sullivan's initials, and gave all copies to Sullivan for approval on following Monday morning. After Sullivan's approval, he instructed Rozamus to hand carry all copies of authorization requests in double sealed envelope marked for personal attention of Director Hoover. Rozamus personally delivered to Miss Gandy. Shortly thereafter Sullivan instructed Rozamus to place project into operation since approval received. Rozamus believes he called WFO Supervisor Jones to do this and orally confirmed to Sullivan that he had done so. Rozamus later dictated additional wiretap requests to either Kitty Henley or Marie Robosky. Rozamus never reviewed logs or prepared log summaries. This was responsibility of SA Bernard Wells. Rozamus was in charge of maintaining daily up-to-date count of number of national security wiretaps FBI had throughout country, but Sullivan instructed him not to include these special wiretaps in that count. (Interview Report Form on SA Rozamus, see tab 4.)

Former SA Bernard A. Wells, Jr.

Currently employed as an Attorney Advisor, Criminal Division, Department of Justice. Advised that in the Summer of 1969 Sullivan apprised him of wiretap operation concerning the White House and instructed him to review material relating to project which was initially maintained in Director's office. Wells reviewed logs given to him by Mr. Sullivan and then dictated to Miss Harriet Trotter, now Mrs. Harriet McWilliams. After Miss Trotter left FBI he dictated all to Cathy Stone. He dictated directly from logs with the resulting summary letter going only to the President of the United States and later to Mr. Haldeman, White House staff. Summary letters were comprised of an original and one yellow copy. He was later instructed by Mr. Sullivan to prepare summary letters sent to the Attorney General, Mr. Mitchell. When yellow file copies were returned from Director's Office to Mr. Sullivan's custody, he left logs for filing with Cathy Stone after dictation, and she filed them. Wells also prepared letters requesting wiretap authorization from Attorney General specifically recalling such letters on William Safire, Colonel Robert Pursley and Helmut Sonnenfeldt. He advised the following individuals were people on whom wiretaps were placed in addition to the above: Henry Brandon, Morton Halperin, Tony Lake, Daniel Davidson, Winston Lord, Marvin Kalb, William Beecher, Hedrick Smith, Ambassador William Sullivan, and Richard Moose.

Wells said he could not now recall any specific conversations. He said he could generalize to the extent that in all wiretaps both the individual involved and his wife talked extremely loosely about the projects they were concerned

Memo for Mr. Walters

Re: Sensitive Coverage Placed at Request of White House

with at the White House to both their friends and in some instances to members of the news media. He felt the tap was useful because it indicated how loosely and carelessly information of a highly critical nature was bandied about. Wells said he specifically recalled one instance in which the name Ellsberg appeared in the logs. He could not recall which log was involved; however, his best recollection was Morton Halperin. In this instance Halperin spoke to some unknown party of attending a party either with or for Ellsberg. Ellsberg was not a party to the conversation. He said in fact that in early June of 1971 as best he could recall on Mr. Sullivan's instructions he reviewed all the logs and determined Ellsberg was not a party to any telephone conversation. He neither made a call nor received one.

Wells recalled that the last time he saw any of the material involving this wiretap operation was approximately a month before he retired from Bureau service. He retired July 30, 1971. He said that Mr. Sullivan instructed him to discontinue the program. Wells advised that any correspondence he dictated was always over Mr. Sullivan's initials. He received this instruction from Mr. Sullivan.

Mr. Wells was specifically asked if he ever saw any material pertaining to this sensitive program, any digest of material, or any correspondence whatever relating to this material in Mr. Mardian's hands at any time. He replied emphatically, "No." This question was repeated three times. The answer in each instance was "No." He was asked if sometime in September or October, 1971, he had any reason to feel apprehensive over the fact that written Bureau communications concerning this program had found their way outside the FBI. He said "No." He said the only time he knew or was informed in any way that someone outside the Bureau may be in possession of this material was a telephone call he received from Mr. Edward Miller, Assistant Director, DID, about a week and a half after Mr. Sullivan retired. In this conversation, which was telephonic and when Mr. Wells was no longer an FBI employee, Mr. Miller requested him to call Mr. Mardian to ask him, Mardian, if he had any material relating to this special project. Mr. Miller told Mr. Wells that he had information to the effect that Mr. Mardian may have some of this information. Mr. Miller also supplied the telephone number in San Clemente, California, where Mr. Mardian could be reached.

Mr. Wells advised he reached Mr. Mardian almost immediately, relayed the message, and Mr. Mardian advised he would have to contact the Attorney General and the President before he could answer. Wells said he received a phone call a short time later and he was advised that Mr. Mitchell had told Mr. Mardian not to answer this question. Mardian asked Wells to so advise Mr. Miller and that Mr. Mardian would call Mr. Miller directly at a later time. Mr. Wells said he complied with Mardian's request and that's the last he heard of

Memo for Mr. Walters

Re: Sensitive Coverage Placed at Request of White House

the incident. Wells was emphatic that he never saw any of the material after he dictated the last summary letter. He never saw it again either in the Bureau or since he left the Bureau.

Upon reinterview 5/10/73 Wells admitted that in May or early June, 1971, SA Robert Haynes, White House liaison, hand delivered from White House original summaries from wiretap material. Wells obtained inventory list from Sullivan which was checked by Haynes and Wells against each original letter from the White House and matched against FBI yellow file copy. To best of recollection the material checked against the master list. Thereafter all material returned to Sullivan's office. (Interview Report Forms on SA Wells, see tabs 5, 6, 7, and 8.)

Harriet R. McWilliams, nee Trotter, Former Secretary, DID

About Summer of 1969, personally assigned by Mr. Sullivan to take dictation from Mr. Wells in sensitive wiretap program. Thereafter she took letters from Wells known to be from wiretaps. States first letter was three pages long. Length specifically recalled but contents not recalled. Thereafter during first several months letters were prepared about every day. Later tapered off to about one per week. Specifically recalls letter to White House comprised of one white original and one yellow file copy. After typing never saw the material again. (Interview Report Form on Harriet McWilliams, see tab 9.)

Catherine Ann Stone, former FBI Secretary

Advised from February or March, 1970, she began taking dictation and typing letters for SA Wells on information from logs concerning wiretaps. Each dictation included two separate letters, one directed to the President and the other to the Attorney General. She recalls filing logs in this program in Mr. Sullivan's safe-type cabinet in his office. After Mr. Sullivan moved to the Justice Building about July, 1970, she went with him and in that office continued to prepare letters for Mr. Wells. After approval from Mr. Sullivan she would personally hand carry them to Miss Helen Gandy in the Director's office. Mrs. Stone also recalled typing two or three authorization requests to the Attorney General.

Mrs. Stone said that about June or July, 1971, she prepared logs for Mr. Wells at his request to carry over to the DID building. She placed them in five large Government messenger envelopes and he departed with them. In August, 1971, she returned from vacation, noticed logs not returned, inquired of Mr. Sullivan who replied, "Mr. Wells and Mr. Brennan are working on them." She never saw logs again. (Interview Report Form on Catherine Stone, see tab 10.)

Memo for Mr. Walt
Re: Sensitive Coverage

Mrs. Catherine S. Henley, Secretary, FBI

When Sullivan promoted from Assistant Director, DID, to Assistant to the Director and physically transferred to main Justice Building, he brought with him wiretap logs in connection with very special project. Subsequent to the move, additional wiretap logs received in Mr. Sullivan's office from WFO Agents from which summaries were prepared in Sullivan's Justice Building Office by Wells, dictated to Cathy Stone. At a later date, under instructions of Sullivan, she reviewed some wiretap logs, marking pertinent portions for Wells' attention. In absence of Cathy Stone she may have typed some summary letters. Mrs. Henley also filed documents concerning wiretap operation in Sullivan's office, filing logs in safe-type cabinet behind Sullivan's desk. (Interview Report Form on Mrs. Henley, see tab 11.)

Joseph A. Sizoo, former Number One Man, DID

He supervised DID in absence of Sullivan and was aware of wiretap operation, although had no personal knowledge. In Sullivan's absence there were occasions when he was in communication with Supervisor Jones, WFO, and he may have passed on instructions to install wiretaps but does not recall any details or names. It was his recollection that Sullivan instructed him to forward any logs received from WFO in a sealed envelope to Wells which he did. With regard to retention of wiretap material he believes it was held in Miss Gandy's custody during first part of operation, but later transferred to Sullivan's office, where maintained in secure safe-type cabinet. (Interview Report Form on Joseph Sizoo, see tab 12.)

Supervisor Courtland J. Jones, WFO

During Spring or Summer, 1969, WFO orally requested by Bureau to institute discreet investigation of John Sears, White House employee, formerly an attorney in Mr. Nixon's law firm in New York City. Jones believes call came directly to him from Joseph Sizoo. Investigation in matter included requests for both a physical and telephone surveillance and Jones was specifically told coverage was to be handled most discreetly with only one copy of the transcription log which was then to be hand carried to Assistant Director Sullivan's office. Transcription logs in the Sears matter as well as all subsequent telephone surveillance requests in this special project were picked up by Jones from the WFO Monitoring Station each morning, sealed, and then hand carried by selected Agents to Sullivan's office. Jones stated upon receipt of the oral request from Bureau Headquarters he would advise former SA Ernest H. Elter and SA James J. Gaffney so that the installation could be made. (Interview Report Form on Courtland Jones, see tab 13.)

Memo for Mr. Walters
Re: Sensitive Coverage

Ernest H. Belter, former SA (Retired) , WFO

Belter recalls Spring of 1969, Supervisor Jones advised him WFO had received urgent request from W. C. Sullivan that White House concerned about leaks. Sullivan told Jones that some technical surveillances (wiretaps) would be initiated by WFO on names to be furnished by Sullivan. Belter was advised by Jones not to keep any written records. Jones subsequently gave Belter telephone numbers and addresses and he in turn furnished this information to SA James Gaffney who handled telephone company liaison. Belter was advised to have prepared only one transcription of written log. Belter advised that to the best of his recollection approximately 12 to 15 such wiretap requests were handled by him. (Interview Report Form on Ernest Belter, see tab 14.)

Supervisor James J. Gaffney, WFO

During Summer, 1969 (in his capacity as liaison representative for WFO with telephone company) he received oral instructions from Ernest Belter that certain wiretaps would be placed on certain phones in an attempt to uncover leaks at White House. Gaffney when he received oral instructions from Belter to institute these wiretaps would in turn orally request the telephone company representative to effect the requested wiretap. (Interview Report Form on James Gaffney, see tab 15.)

MONITORING EMPLOYEES, WFO

George F. Ross, Special Clerk, WFO

Assigned to Monitoring Section, WFO, 1969-1970, and until mid-1971. Had occasion to monitor telephone surveillance maintained on Dr. Morton Halperin. Ross said he recalls on one occasion he saw another employee's log wherein an entry had been made that Daniel Ellsberg had stayed with Dr. Halperin over the weekend. During this visit Ellsberg made a call out of the Halperin residence to a now unrecalled individual in effort to set up a pot-smoking party. Ross said the name of Daniel Ellsberg meant nothing to him at the time he observed the name on the log. (Interview Report Form on George Ross, see tab 17.)

James D. Barnhardt, Special Clerk, WFO

Advised he was assigned duty of monitoring telephone surveillances, WFO, and so assigned in 1969-1970. Recalls he monitored telephone surveillance on Dr. Halperin, who was employed at National Security Council. Barnhardt said that Dr. Halperin appeared to be close friend of a Daniel Ellsberg, who on occasion stayed at Halperin's house overnight. Barnhardt does not recall any

Memo for Mr. Walters
Re: Sensitive Coverage

details relating to Ellsberg's visits. (Interview Report Form on James Barnhardt, see tab 16.)

Raymond Broz, Jr., Special Clerk, WFO

Advised that sometime beginning in mid-1969 he was assigned as a relief man in connection with monitoring wiretap of Dr. Halperin. Broz said the only thing he can recall is the fact that Halperin was a close associate of Daniel Ellsberg and that he conversed with Ellsberg in late 1969 and early 1970. Broz could not recall any details concerning conversations between Halperin and Ellsberg, nor could he recall the exact dates of these conversations. (Interview Report Form on Raymond Broz, see tab 18.)

DELIVERY OF WIRETAP SUMMARIES TO WHITE HOUSE

SA Robert H. Haynes, Supervisor, Intelligence Division

Haynes has been handling liaison functions with White House since 1969 and up until present time. Has impression that sometime beginning in 1969 Assistant Director Sullivan received requests from White House for installation of wiretaps on newsmen and certain White House Aides. Haynes reasonably certain that on one occasion General Haig telephoned him (Haynes) to request installation of wiretap on an individual, identity not now recalled by Haynes. Haynes merely orally passed this request on to Sullivan.

Haynes had knowledge that former SA Wells was preparing letters to White House regarding results of this coverage. Haynes believes he began delivering these letters to White House in September, 1969. In doing so, Haynes would get call from Miss Gandy, Director's office. Haynes would then go to Miss Gandy's office, note on yellow file copy, "Delivered by Liaison," and note the date and his initials. Letter was then sealed and personally delivered by him to the office of the addressee on the envelope. At first letters were addressed to Dr. Kissinger, sometimes a dual letter to Dr. Kissinger and the President, but ultimately the letters were addressed to H. R. Haldeman.

Sometime after Sullivan was designated Assistant to the Director and moved into Justice Building office, Haynes received telephone call from Lawrence Higby from the White House to come by and pick up the letters on the sensitive coverage. Sometime subsequently he believes he was told by Sullivan that Assistant Attorney General Mardian had made arrangements for the other letters to the President or Dr. Kissinger to be returned and he was sent to pick them up. He went to General Haig, who made

Memo for Mr. Walters
Re: Sensitive Coverage

available from his office file certain letters. General Haig then referred SA Haynes to Tod Hullin, Assistant to John Ehrlichman, who made available certain letters. All of the letters were then returned by Haynes to Sullivan's office. There Haynes assisted former SA Wells in matching original letters against yellow file copies in Sullivan's office. There were also available at the time lists of names typed on plain bond paper. After checking letters against yellow file copies and the lists, SA Haynes believes some letters might have been missing and does not know if all letters were completely accounted for. This was last time he saw letters. (Interview Report Form on Robert Haynes, see tab 19.)

REMOVAL FROM FBI CUSTODY OF SENSITIVE MATERIAL

Former Assistant to the Director William C. Sullivan

We attempted to interview Sullivan 5/9/73. He requested all questions concerning this matter be directed to him in writing. This was done by letter dated May 10, 1973. Sullivan responded by letter dated 5/11/73. The essence of his response is as follows:

Sullivan would not identify who at the White House had made wiretap requests, advising that such questions should be addressed to Mr. Haldeman. He stated such requests were received both orally and by written communications. They were received either directly of Mr. J. Edgar Hoover or indirectly through Sullivan. Sullivan stated written authorization was secured from the Attorney General in each case. Sullivan stated that the records of these wiretaps, which included logs, summaries and correspondence, were maintained in his office in his personal and official custody on the orders of Mr. Hoover. Sullivan stated that all of these records on Presidential and Attorney General requests were given to Mr. Robert C. Mardian, then Assistant Attorney General of the Internal Security Division of the Department. Sullivan stated that the material was disseminated from the wiretap by letter over Mr. Hoover's signature to the White House. For sometime the letters were addressed to and sent to the President and Dr. Kissinger. Later they were sent only to Mr. Haldeman. A few summaries were prepared for the Attorney General in memorandum form. Sullivan continued that instructions to discontinue which came from the White House and received by him were relayed to Mr. Hoover. Sullivan stated that he turned over the material of this special project on instruction to Mr. Mardian. He had no conversation about it with others. It was his decision. Sullivan stated the material would be given maximum security, where and by whom he did not know. Sullivan also did not know whether the Attorney General was aware of the disposition. (Interview recorded in memorandum to Mr. William D. Ruckelshaus, Acting Director, FBI, dated May 11, 1973. Questions sent to Mr. Sullivan dated May 10, 1973, are also attached to that memorandum. See tab 20.)

Memo for Mr. Walters
Re: Sensitive Coverage

Former Assistant Attorney General Robert C. Mardian

Robert C. Mardian interviewed Phoenix, Arizona, advised first time he heard of White House wiretaps subject of this inquiry was during last two weeks of July, 1971. Mardian at that time contacted by W. C. Sullivan, who advised in substance he had highly sensitive wiretap material which was "out of channel" at the FBI. Sullivan felt he was in trouble with Mr. Hoover and possibility existed he would be fired. W. C. Sullivan wanted Mardian to convey to President of United States that this material was in existence. Sullivan's reason for doing so was to preclude Mr. Hoover's using this information to blackmail President Nixon. This was strictly W. C. Sullivan's opinion. Mardian contacted John Mitchell, Attorney General, relayed Mr. Sullivan's request. Mr. Mitchell said he would handle. Short time later Mardian contacted by Western White House, San Clemente, California, by individual whose name he would not divulge, and instructed to fly immediately to San Clemente to see the President. Mardian obeyed instructions. Met with President of the United States and received two instructions: one pick up material from Sullivan and deliver to White House, Washington, D. C.; second to insure Sullivan's material matched with summaries on hand at White House. Mardian returned to Washington and contacted Sullivan, requested all material to which Sullivan referred. This material delivered by Assistant Director, FBI, Charles Brennan. It was delivered in old "beat up" satchel, olive drab in color, with initials of W. C. Sullivan thereon. Shortly thereafter Mardian delivered satchel to Dr. Henry Kissinger and General Alexander Haig at White House. In Kissinger's and Haig's presence, White House correspondence checked against chronological check list which listed all material sent to White House by date. White House summaries in possession of Dr. Kissinger checked, found intact. At best Mardian recalls he then gave check list to Mr. H. R. Haldeman, who as best Mardian recalls, checked summaries in his possession against check list. Two summaries found missing. After check was made Mardian said he took the satchel, which he believes contained summaries, the check list and telephone surveillance logs, and delivered them to the Oval Room in White House. Mardian declined to identify recipient. (Interview Report Form on Robert Mardian, see tab 21.)

John G. Mitchell, former United States Attorney General

Sometime during Spring or Summer of 1969 former Director Hoover met with him and advised FBI at that time had some wiretap coverage on certain individuals specifically requested by the White House. Mitchell stated it was not unusual for him not to know of this at its inception since on many occasions Mr. Hoover would deal directly with the President or the White House on extremely sensitive matters and circumvent the Attorney General's office. Mitchell states he never saw nor approved any such requests for wiretap coverage from the FBI, stating none were submitted to him by the FBI.

Memo for Mr. Walter
Re: Sensitive Coverage

(We have now recovered the material from the White House including authorization letters signed with the signature of Mr. Mitchell.) Mitchell recalls that in approximately Fall of 1971 Mardian contacted him and at this meeting told Mitchell he had just recently learned from W. C. Sullivan about existence of wiretap coverage. Mardian indicated to Mitchell Sullivan was furious over the way he was being treated by the Director and for this reason he disclosed the information concerning the wiretap to Mardian. Sometime thereafter, Sullivan turned over to Mardian all correspondence relating to this wiretap coverage.

During approximately this same period, Mr. Hoover contacted Mitchell and advised him of the problems he was having with Sullivan and, in fact, showed Mitchell a lengthy letter he, Hoover, received from Sullivan in which Sullivan accused Hoover of running contrary to the President's wishes in many instances. Mitchell recalls telling Mr. Hoover that he had no choice but to get rid of Mr. Sullivan. At this point Mitchell described Mr. Sullivan as being "a little nuts."

Concerning W. C. Sullivan, Mitchell related it was obvious he wanted the job of FBI Director since, on numerous occasions, Sullivan was in personal contact with various members of the White House staff and was always "name dropping and wheeling and dealing there." (White House) (Interview Report Form on Mr. Mitchell, see tab 22.)

SAC Charles D. Brennan, Alexandria Office, FBI

Brennan was formerly Assistant Director, Domestic Intelligence Division, located at 9th and D. Brennan recalled receiving visit in August, 1971, at his office from W. C. Sullivan, who said he had a heavily loaded brief case for Robert Mardian, containing highly sensitive material, which the Attorney General was interested in reviewing. According to Sullivan, Mardian unavailable at that moment and instructed Brennan to deliver brief case for him. Brennan, after Sullivan left, called Mardian's office, determining Mardian would be back in about 30 minutes, at which time Brennan then delivered brief case to Mardian which Mardian was expecting. Brennan claims he did not open brief case and cannot specifically recall whether or not it was even locked. (Interview Report Form on Charles Brennan, see tab 23.)

SEARCH FOR DISPLACED SENSITIVE MATERIAL IN OCTOBER, 1971

Assistant Director E. S. Miller, Intelligence Division

Miller advised that on 9/30/71 after it was realized sensitive material and documents in this matter were missing he was instructed to conduct a search

Memo for Mr. Walters
Re: Sensitive Coverage

of DID space, which was done with negative results. He was also instructed to reconstruct as many facts as possible concerning all facets of this coverage. This was done and Miller provided the results in a memorandum which is attached to the Interview Report Form which relates to Mr. Miller. On 10/1/71 Miller learned from SA Tom Smith that Mardian had had the sensitive material three weeks prior to that date according to former SA Bernard Wells. On 10/2/71 Miller contacted Wells and attempted to learn of its whereabouts. Wells was unable to assist in this matter but contacted Mardian and reportedly was told by Mardian that "This matter doesn't concern you at all. Tell Miller that I'll take care of it. Have him get in touch with me. Tell Miller not to worry, Sullivan won't get them." The Director then reportedly contacted Attorney General Mitchell who advised that Mardian had assured Mitchell that the sensitive material had been destroyed. The Attorney General also reportedly told the Director that Mardian said the Director approved Mardian's taking possession of the files. (Interview Report Form on E. S. Miller, see tab 24.)

Special Agent Thomas J. Smith, Section Chief, Intelligence Division, FBI

SA Smith had no personal or first-hand knowledge of wiretaps on newsmen or Government officials while this special was going on. However, in September, 1971, he was told by SA Wells that Wells had seen the sensitive material in the possession of Robert C. Mardian, that Wells was shocked to have seen these highly sensitive documents in Mardian's possession since they were FBI property. Wells reported to Smith that Mardian wanted him to keep the documents for him. Wells reportedly refused. (Interview Report Form on Thomas J. Smith, see tab 25.)

RECOVERY OF SENSITIVE MATERIAL

On the evening of May 10, 1973, information was received that Robert C. Mardian had turned the sensitive documents over at the White House to Mr. John Ehrlichman.

John D. Ehrlichman

Ehrlichman said that although he could not recall the exact date, he does recall Robert C. Mardian being associated with the delivery of a stack of wiretap logs and other written material which he knew to be summaries of the wiretap logs to the White House. He knows this because he recalls "sampling" the material at the time he took possession. Mr. Ehrlichman said the material to which he was referring was filed in a two-drawer, safe-type cabinet located in his outer office. Mr. Ehrlichman said that from the time he received this material it remained in the cabinet until about April 30, 1973. On that date he was considering submitting his resignation, recalled the presence of this wiretap information, and issued orders to have it removed from his office and filed with "Presidential Papers." (Interview Report Form on John Ehrlichman, see tab 26.)

Memo for Mr. Walters
Re: Sensitive Coverage

Harry R. Haldeman

Haldeman advised he recalled receiving summary letters concerning these wiretaps and that he received them routinely from FBI. Contents did not contain any startling information and he eventually delegated authority to read this material to Mr. Higby. He was asked specifically if he had at any time engaged in checking White House summary letters against FBI copies of these letters with Mr. Mardian. He said as best as he could recall the answer would be "No." Although he had no direct knowledge from the information he learned from Mr. Ehrlichman the sensitive material was still at the White House as of May 11, 1973, according to Mr. Haldeman. (Interview Report Form on Harry Haldeman, see tab 27.)

General Alexander M. Haig

General Haig advised that the records being sought were presently in impoundment at the White House as of May 11, 1973, and would be available for review by Mr. Ruckelshaus.

(The material at the White House was reviewed by Acting Director Ruckelshaus and Special Agent Thomas Smith May 12, 1973, and returned to FBI custody.)

With respect to the decision and request for installation of these wiretaps, General Haig said that he could not answer this because the action taken was the result of joint input. General Haig was in contact with the Bureau in connection with matters in which Dr. Kissinger had a direct interest. He feels requests for wiretaps were generally transmitted to former Assistant Director William C. Sullivan. General Haig was also asked if in his opinion these wiretaps were productive. He stated he feels they were invaluable and had been of considerable assistance in helping to control leaks to the press at the White House. (Interview Report Form on Alexander Haig, see tab 28.)

As a result of recovering the sensitive material from the White House today a review of all the authorized wiretaps signed by Attorney General Mitchell produces the following list of individuals on whom approved authorizations were obtained:

Memo for Mr. Wal
Re: Sensitive Coverage

By intra-Bureau communication dated October 6, 1971, it was indicated that former Assistant Director Sullivan had by letter 10/5/71 requested retirement. In his retirement letter request he had also requested permission for him to keep his badge. Mr. Felt recommended against this and Mr. Hoover concurred in the following language: "I concur. In view of circumstances surrounding his separation and more particular in view of his turning over to Mardian highly secret and confidential FBI files for destruction without any approval by the Bureau he is not to be on any mailing lists nor shown any consideration." (See intra-Bureau communication dated 10/6/71, tab 29.)

To document the conversation between former Special Agent Bernard Wells and Special Agent Thomas Smith regarding Wells' observance of sensitive material in Mardian's possession after Wells' retirement, the memorandum of SA Smith to Mr. E. S. Miller dated October 1, 1971, is attached. (See letter from Smith to Miller, tab 30.)

SPECIAL SQUAD

Since May 6, 1973, a special squad has been working under Acting Director Ruckelshaus in an effort to discover what happened to the sensitive wiretap material. This squad was composed of specially selected FBI Headquarters personnel due to the highly sensitive nature of the inquiry. 42 interviews were conducted all by the special squad which included travel to places such as Phoenix, Arizona; Tampa, Florida; Savannah, Georgia; New York City, and Stamford, Connecticut.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription May 10, 1973

Charles D. Brennan SAC, Alexandria, Virginia, advised on 5/9/73 that in the Fall of 1969 or in early 1970, as he recalls, on a Sunday morning and after church at about noon, he received a telephone call from Assistant Director Sullivan who at that time was in charge of Domestic Intelligence Division. Sullivan wanted to know the mechanics for placing a wiretap, but was so nonspecific and refused to discuss the matter on the phone saying that it was an ultra-sensitive situation, that Brennan proceeded to the office. Brennan went to Sullivan's office immediately where Sullivan advised him that President Nixon was concerned about leaks in the White House and wiretaps were requested on members of the White House staff and some members of the press. It was Brennan's impression that Sullivan had received this call from the White House either early that Sunday morning or the previous Saturday night. Brennan said that Sullivan did not name the person requesting the coverage nor did he name any of the persons on whom the coverage was to be placed but he does seem to recall that there were several persons on whom the wiretaps were to be placed.

Sullivan told Brennan that he had called Director J. Edgar Hoover at home and received Hoover's okay, but that Hoover was very adamant about first getting the Attorney General's approval before initiating these wiretaps. Brennan said that Sullivan indicated that Mr. Hoover was most emphatic about going through the usual channels with the Attorney General for written approval.

Brennan told Sullivan that Supervisor Mike Rozamus, now retired, was the mechanic for such matters and, to the best of his recollection, Brennan then called Mike Rozamus at home and instructed Rozamus to come into the office to meet with Sullivan to arrange for these wiretaps. Brennan believes he left the office before Rozamus arrived in Sullivan's office but he also believes that later that evening he telephoned Rozamus at which time Rozamus assured him that he had handled the work for Sullivan. If a stenographer had been ordered in and who she might be were not known to Brennan.

Interviewed on May 9, 1973 at Alexandria, Virginia File # _____

by Inspector [redacted] Date dictated May 10, 1973
Special Agent [redacted]

Brennan seems to recall that shortly after the project got started Sullivan gave log review responsibilities and other responsibilities regarding this project to Supervisor Bernard Wells, now retired. Brennan's recollection is that Wells thereafter prepared the summary letters and any other correspondence under Sullivan's initials at all times unless after Sullivan was promoted to Assistant to the Director and Brennan promoted to Assistant Director, with Sullivan out of town, Wells may have prepared these communications using his (Brennan's) initials. Nevertheless, Brennan advised that to the best of his recollection he does not recall ever seeing or initialling any requests for wiretaps, logs or summary letters to the White House although he stated he may have on occasion as a matter of expediency initialled yellow copies thereof.

Brennan advised that he never knew anything about the termination of this wiretap project and believed these wiretaps were still in effect under Acting Director L. Patrick Gray, III. Brennan stated that he never knew the names of any of the persons on whom the wiretaps were placed but does seem to recall the names of Henry Brandon, Winston Lord, and Helmut Sonnenfeldt coming up in short discussions with Wells about the results of wiretaps. Brennan recalls Wells mentioning Brandon because Brandon was a "swinger" and he and his wife were involved in considerable social life. Brandon also appeared to own a ski lodge in Canada. Brennan also recalls that Wells told him on a few occasions that the project was fruitless as far as Wells was concerned since the majority of the material obtained through these wiretaps was mostly social gossip.

Brennan recalls receiving a visit in what he estimates was August of 1971 at his 9th and D Street office from Sullivan, who came into Brennan's office with a heavily loaded brief case. Brennan could not recall the exact description of this brief case but indicated it was similar to a Bureau size brief case and also seems to recall that it was black cowhide and had straps on it. Brennan could not recall whether the brief case was locked or sealed or had any other security feature to it, but he did say that it was quite thick and heavy. Brennan said that Sullivan had told him that he (Sullivan) had been down to Robert Mardian's office in the same building to take this material over to Mardian since it was highly sensitive material which the Attorney General was interested in reviewing. Brennan advised that Sullivan did not tell him what was in the brief case, and when Sullivan left he promptly called Mardian's office to determine when Mardian would be returning. He was told that Mr. Mardian would be back in about thirty minutes and then thirty minutes or so later Brennan hand carried this brief case to Mardian's

office and turned it over to Mardian, who was expecting it from Sullivan. Brennan said he made no written record nor phone call to Sullivan or anyone else about the delivery of this brief case. Brennan said he did not open nor look into the brief case while it was in his possession.

When asked whether he recalled a visit by Sullivan to France during this time Brennan stated that he does recall Sullivan making inspection tours of various Legal Attache Offices in Europe around that time and seems to remember very slightly that Sullivan did make a trip to Paris but Brennan could not recall when this was or the reason for the visit.

Brennan stated that he last saw Sullivan on 5/8/73 at the funeral of the wife of a mutual friend but claimed he did not discuss this matter with Sullivan at that time and, in fact, has never discussed this matter with Sullivan since Sullivan left the Bureau. Brennan stated that this entire wiretap project was a special project which he understood was to be handled by Mr. Sullivan alone and, therefore, never at any time injected himself into its operation.

ReBulet October 12, 1948.

REMOVED FROM FILE
There has been no opportunity for this agent up to the present to testify in court since none of his criminal cases has resulted in Grand Jury action or in trial. However, he has been afforded moot court training and I feel he would make a competent witness.

The captioned Agent will be in Grade 11 two years on 4-30-52, having been reallocated to that grade on 4-30-50. He is being considered for reallocation to GS-12.

On 10-30-50 he was rated VERY GOOD.

His overtime for October, 1950, was 1 hour 18 minutes, November 41 minutes, and for December 2 hours 23 minutes.

On 2-21-51 SAC Dalton rated him EXCELLENT.

On 3-31-51 SAC Stein rated him SATISFACTORY in the upper limits.

On 3-31-52 SAC Hood rated him SATISFACTORY and advised his work volume was satisfactory in comparison with other Agents of the same status and he appeared to be able to organize his work properly. When necessary he had operated on his own initiative and had demonstrated industry and interest in his assignment. He was very cooperative and had shown a fine attitude at all times. His dictation was rated very good and his reports had required no more than average supervision. He could be used on dangerous assignments.

RECOMMENDATION: It is recommended he be reconsidered for GS-12 reallocation in July, 1952, because he did not assume his equitable share of the burdens and responsibilities of the office in November, 1950.

|| The FAIR rating afforded Specific Division Operations was based in part to the fact work in the espionage field was not being given the aggressive

and imaginative supervision and direction necessary to produce hard results. He was subsequently advised of the results of this inspection in a letter dated 2-12-71, and was instructed to institute corrective action as recommended by the Inspector.

His daily average overtime for January, 1971, was 2'2"; February, 2'20".

By letter dated 3-3-71, he extended an invitation to the Director to be the principal speaker at the 22nd Annual FBI Mass and Communion Breakfast. The Director expressed appreciation for the invitation but advised unable to do so.

By letter dated 3-4-71, he directed a letter to Senator George S. McGovern concerning his unwarranted and slanderous attack on the Director and the FBI.

On a routing slip to the Director dated 3-5-71, Mr. Tolson noted, "I think Assistant Director Brennan is being listed for too many speeches and that they should be curtailed in the future."

By letter dated 3-18-71, he congratulated the Director on his testimony before the House Subcommittee on Appropriations. His letter was acknowledged 3-19-71.

On 3-31-71, his services were rated OUTSTANDING.

His daily average overtime for March, 1971, was 2'7".

By letter dated 4-5-71, he received an INCENTIVE AWARD in the amount of \$500.00 in recognition of his Outstanding 1971 Annual Performance Rating. He expressed appreciation for this rating and award in a letter to the Director dated 4-7-71.

By letter dated 4-19-71, the Director CONGRATULATED him on his Twenty-third Anniversary in the FBI.

By letter dated 4-30-71, he was CENSURED inasmuch as it was his overall responsibility to insure that pertinent items coming into his division were immediately called to the Director's attention. He did not fulfill his obligation in this regard in connection with an incoming teletype which did not reach the Director in the speedy and effective manner desired. In addition, his explanation was not responsive and evidenced a lack of judgment on his part inasmuch as timeliness was the issue in this matter.

His daily average overtime for April, 1971, was 2'27"; May, 2'29".

By letter dated 6-15-71, he was COMMENDED for the proficient manner in which he presented certain material before a conference which was held in Washington, D. C.

CHARLES D. BRENNAN (Continued)

By letter dated 6-25-71, he is being CENSURED AND PLACED ON PROBATION inasmuch as on 6-23-71, he requested authorization for the New York Office to conduct a particular interview and the Director disapproved the request. Although the Director's instructions were certainly clear and not subject to misunderstanding, he misinterpreted them and ordered the interview contrary to the Director's desires.

By letter dated 6-28-71 he was ORDERED UNDER TRANSFER to Cleveland as Special Agent in Charge. This was subsequently CANCELLED by letter dated 6-29-71.

His daily average overtime for June, 1971, 2'22"; July, 2'11"; August, 2'16".

On 9/8/71 he was designated Inspector-in-Charge of the Special Investigations Office with no change in grade or salary.

Memorandum of 9/30/71 recommended that he be removed from probation; however, Director Hoover noted, "No."

His daily average overtime for September, 1971, was 1'28"; October, 2'17".

On 10/1/71 his title was changed to Inspector.

By letter of 11/30/71 he was CENSURED inasmuch as he made irresponsible statements concerning a most sensitive matter being investigated by this Bureau.

His daily average overtime for November, 1971, was 2'02"; December, 2'08".

Memorandum of 1/3/72 reflected that with Director Hoover's approval he was continued on probation in view of his censure on 11/30/71.

On 1/9/72 he received a Basic Increase to \$35,480 in GS-17.

His daily average overtime for January, 1972, was 2'13"; February, 2'23".

On 3/31/72 he was rated SATISFACTORY and comments indicated that he handled the most complicated matters with minimum supervision. He was available for and considered to have very good qualifications for administrative advancement.

His daily average overtime for March, 1972, was 2'22"; April, 2'05".

On 5/11/72 he was REMOVED FROM PROBATION.

On 5/14/72 he received a Within-Grade Increase to \$36,000 in GS-17.

His daily average overtime for May, 1972, was 1'23"; June, 1'28"; July, 1'58"; August, 1' 59"; September, 2' 04"; October, 3' 33".

CHARLES D. BRENNAN (continued)

On 10-16-72 he reported to the Alexandria Office as Special Agent in Charge and was rated EXCELLENT on his transfer report.

By letter dated 12-13-72 he was CENSURED inasmuch as he exercised extremely poor judgement in dissemination of a raw investigative report to a local police department without first bringing this matter to the attention of FBI Headquarters.

On 1-12-73, 2-21-73, 3-6-73 and 4-16-73, the personnel of the Alexandria Division were COMMENDED, through him, for their excellent performance of duty.

On 3-31-73 he was rated EXCELLENT.

Former Assistant Director Charles D. Brennan telephonically contacted SA Paul V. Daly of the Legal Counsel Division on 9/22/75 to advise that he had been requested by the Senate Select Committee to appear before that Committee at 5 p.m. on 9/23/75 to testify under oath concerning his knowledge of the "Huston Plan." Brennan was further informed that he was being requested to testify during open session of the Committee on Thursday, 9/25/75, regarding the same topic. He was advised generally of his legal rights and of the appropriate provisions of the rules of procedure concerning the Senate Select Committee. He was informed that the Bureau was cooperating with the Committee and had furnished considerable information in the form of briefings and documents some of which directly relate to the Bureau's knowledge and participation in the "Huston Plan."

Brennan expressed concern as to exactly what topics he might discuss during an open session of the Senate Select Committee and it was explained to him that he should contact Section Chief William O. Cregar of the Intelligence Division who would appropriately advise him concerning this area. Brennan asked if SA Daly would have Cregar contact him concerning this matter and stated he could be reached at telephone number 790-6132. Cregar was appropriately advised of the aforementioned and indicated he would contact Brennan.

RECOMMENDATION:

That former Assistant Director Charles D. Brennan be released from his employment agreement and the applicable sections of the Code of Federal Regulations for purposes of giving testimony before the Senate Select Committee.

RE: INTERVIEW OF RETIRED SPECIAL AGENT (SA)
CHARLES D. BRENNAN BY STAFF MEMBERS OF
THE SENATE SELECT COMMITTEE (SSC)

Set out below is information voluntarily furnished to the FBI by retired SA Charles D. Brennan following his voluntary interview by Mark Gitenstein and two other individuals whose names Brennan did not get. Gitenstein as well as the two unnamed individuals identified themselves as Staff Members of the SSC. The interview which took place in Washington, D. C., on May 22, 1975, lasted approximately two hours. Brennan was not provided with a copy of Senate Resolution 21; was not provided with a copy of the Rules of Procedure of the SSC; nor was he advised of his rights including his right to private counsel.

The interview, which was not conducted under oath, covered three specific areas: The organizational structure of the FBI; Martin Luther King, Jr.; and COMINTPRO.

With regard to the organizational structure, they asked Brennan to describe what a unit, section, and division constituted at FBI Headquarters. They showed him several copies of C. D. Brennan to W. C. Sullivan memoranda asking him about specific facts contained in these memoranda. When Brennan failed to have intimate knowledge of the memoranda, they wondered why he had such a poor memory when in fact they were memoranda from him. Brennan then proceeded to explain how such memoranda were prepared. (Memoranda are prepared in the name of the Section Chief, i.e., Brennan to the Assistant Director, i.e., Sullivan, but this does not necessarily mean that Brennan would prepare or even see the memoranda in all instances.)

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

RE: INTERVIEW OF SA CHARLES D. BRENNAN BY SSC

With regard to Martin Luther King, Jr., Brennan advised that he got the impression from the Staff Members they felt the Bureau had an "illegitimate" interest in King. Brennan countered by saying the basis for the FBI interest in King was predicated on the communist influence surrounding King. He was asked if the Bureau employed many wiretaps against King to which he answered that most of the information obtained was derived from live informants.

Relative to the COINTELPRO, Brennan advised the Staff Members he couldn't be very specific regarding COINTELPRO inasmuch as he did not pay too much attention to it. They questioned him about this statement and Brennan stated that when you would compare COINTELPRO to such activities as the Bay of Pigs and the Glomar Explorer, COINTELPRO was "peanuts." Brennan was asked why he didn't recommend COINTELPRO be discontinued to which he replied "If City Hall wants it, you give them what they want."

SENSTUDY 75

This memorandum reports the results of a telephonic conversation with former Special Agent (SA) Charles D. Brennan and recommends that the attached letter to the Attorney General with enclosures be sent.

On the morning of 5/23/75 the Department of Justice advised Assistant Director Mintz that former SA Brennan has or was to be interviewed by Staff Members of the Senate Select Committee (SSC). On that same date I telephonically contacted Mr. Brennan to advise him that the Bureau had been alerted to the fact he was going to be interviewed by the SSC Staff and should he desire, a representative of the Bureau could be available during the interview for consultation. It was made clear to Brennan that the role of the Bureau representative would be to insure that he could consult with the representative at any time during the interview should the line of inquiry reveal the identity of sensitive FBI sources, methods or sensitive investigative techniques; information derived from third agencies or friendly foreign intelligence services; or any information which Brennan felt could adversely affect sensitive ongoing FBI investigations.

Brennan then changed the conversation to personal chit-chat. At what appeared to be the conclusion of the conversation, Cregar asked Brennan if he had been contacted by the SSC Staff. Brennan advised that he had received a telephone call earlier in the week inviting him to an interview in Washington, D. C., and in fact was interviewed on 4/22 by SSC Staff Members Mark Gitenstein and two others whose names Brennan did not get.

Brennan showed some concern over the fact that the Staff had invited him to be interviewed earlier in the week but only notified the Department subsequent to his interview. (At the outset of the conversation with Brennan, I had advised him that the SSC had informed the Department which in turn informed the

Bureau that he was to be interviewed). Brennan stated he was not furnished a copy of the Senate Resolution or its Rules of Procedures and was not advised of his rights or the fact that he could be represented by counsel. He was not put under oath, and was not given any indication as to the scope of the interview prior to his appearance in Washington. In response to a question by Greger as to what areas the interview covered, Brennan stated the interview covered three specific topics. (1) The organizational structure of the Bureau; (2) Martin Luther King, Jr.; (3) the COINTELPRO.

With regard to the organizational structure Brennan advised that the Staff Members appear to have little understanding as to the way the Bureau was structured. He stated they had no appreciation of what a unit, section, or division was comprised of. They showed him several copies of memoranda from (Brennan to Sullivan) and proceeded to ask him about the contents of these memoranda. When Brennan was unable to describe the background or details surrounding a specific memorandum, they voiced wonderment as to why he had such little recollection about a memorandum he apparently wrote. Brennan advised the Staff Members that just because the memorandum was written from him to Sullivan did not mean that he necessarily wrote the memorandum or even saw it.

In respect to Martin Luther King, Jr., Brennan got the impression that the Staff Members believed the Bureau was "illegitimately" interested in King. Brennan advised that he hit back hard on this stating that the Bureau's interest in King was predicated on the communist influence surrounding King. They asked if the Bureau had employed many wiretaps against King. Brennan advised that most of the information obtained on King derived from live informants. Brennan voiced the opinion that the Staff Members were rather disappointed with Brennan's defense of the Bureau in the King investigation.

Staff Members showed some disappointment in Brennan's inability to remember circumstances surrounding COINTELPRO. Brennan responded by saying that he never paid much attention

RE: SENSTUDY 75
62-116395

to COINTELPRO and when compared to such activity as to the Bay of Pigs and the Glomar Explorer, the COINTELPRO was "peanuts."

At the conclusion of the conversation, Brennan advised that SSC Staff Members indicated they would want him to return for additional interviews. I advised Brennan that should he receive a subpoena to return or should he be invited to return to Washington, D. C., to be interviewed under oath, it would be wise for him to contact the FBI's Legal Counsel Division for advice to insure that he was in compliance with the Attorney General's order relative to the release of information obtained while an employee of the FBI. Brennan indicated he would contact the Legal Counsel Division should he be contacted by the SSC and would probably ask that a Bureau representative be available for consultation during a subsequent interview or testimony.

ACTION: If approved, the attached letter to the Attorney General and its enclosures reflecting the results of the debriefing of Brennan, be sent.

INSTRUCTIONS TO EMPLOYING AGENCY

COMPLETION OF CERTIFICATION

1. This Certification must be completed in triplicate whenever an employee's insurance terminates for:
 - a. Death.
 - b. Retirement on an immediate annuity with 12 or more years' creditable service, of which at least 5 years are civilian service, or on account of disability. (An immediate annuity is one which begins to accrue not later than 1 month after the date the insurance would normally cease.) In a disability retirement case, do not complete SF 56 until a finding of disability has been officially made and the employee's separation is in order.
 - c. Completion of 12 months in a non-pay status or separation, and the employee is receiving benefits under the Federal Employees' Compensation law, and held unable to return to duty.
 - d. Any other reason, if the employee desires to convert his life insurance, except under the following circumstances:
 - (1) Employee waived or declined on SF 176 (or SF 176-T);
 - (2) If it is known that, within 3 calendar days after the date the insurance terminated, the employee will return to Government service in the same or another position in which he will be eligible to reacquire Federal Employees Group Life Insurance;
 - (3) More than 75 days have elapsed from the date insurance terminated unless specific request is made therefor by the Civil Service Commission or the Office of Federal Employees' Group Life Insurance.
2. If insurance terminated on account of death, indicate in item 3(a) whether the employee had filed an Application for Retirement (SF 2801) with the Civil Service Commission.
3. In item 8, give date of Notice of Conversion Privilege (SF 55), except that if this form (SF 56) is issued in lieu of SF 55, give current date. In case of death, leave this item blank.
4. It is important whenever a duplicate SF 56 is issued to replace one which has been lost, that it be clearly marked "DUPLICATE".

DISPOSITION OF CERTIFICATION

1. Death of employee—
 - a. Send duplicate of SF 56 immediately to the Office of Federal Employees' Group Life Insurance.
 - b. Keep the original (preferably in the Official Personnel Folder or its equivalent) for attachment to a claim for death benefits (Form FE-6) when received.
 - c. If no claim is received, send original SF 56, upon request, to the Office of Federal Employees' Group Life Insurance.
 - d. If the deceased employee has a current Designation of Beneficiary (SF 54) on file, the SF 54 must be attached to the original SF 56 when it is sent to the Office of Federal Employees' Group Life Insurance.
2. Retirement of employee—
 - a. If the employee is applying for an immediate annuity with 12 or more years' creditable service (of which at least 5 years are civilian service) or for disability, attach the original SF 56 and current Designation of Beneficiary (SF 54), if any, to the Application for Retirement and give duplicate of SF 56 to the employee. [NOTE: In a disability retirement case where the retirement application has already been sent to the Civil Service Commission, attach the original SF 56 (and SF 54, if any) to the "FINAL" Individual Retirement Record (SF 2806).]
 - b. If the employee wants to continue only his regular insurance, have him complete a SF 176 declining his optional insurance. If he wants to convert only his optional insurance, prepare a statement (see below), in duplicate, for him to sign, attach both copies of the statement to the original SF 56, and submit with application for retirement as instructed in 2a above.

Reference is made to memorandum of Mr. Henry S. Ruth, Jr., dated August 2, 1974, captioned as above, requesting copies of documents from personnel files of Mr. C. D. Brennan and Mr. W. C. Sullivan, as well as a copy of a teletype from the Boston field office to FBI Headquarters dated July 7, 1971.

Copies of documents from Mr. Brennan's personnel file were requested as follows: (a) his censure in connection with the interview of Louis Marx; (b) the inspection of the Domestic Intelligence Division in August, 1971; and (c) his demotion to Inspector in September, 1971.

In accordance with Mr. Ruth's request, copies of the following documents relating to Mr. Brennan are enclosed herewith.

1. W. R. Wannall to C. D. Brennan memorandum dated June 23, 1971, captioned "McLek" seeking approval to interview Mr. Louis Marx. Approval denied by Mr. Hoover.
2. New York teletype to FBI Headquarters dated June 24, 1971, captioned "McLek" reporting interview of Louis Marx.
3. C. D. Brennan to W. C. Sullivan memorandum dated June 24, 1971, captioned "McLek" advising of Marx interview and recommending censure for Brennan for misinterpreting Mr. Hoover's instructions.
4. File copy of letter of censure to Mr. C. D. Brennan dated June 25, 1971.
5. W. M. Felt to Mr. Tolson memorandum dated September 7, 1971, captioned "Special Investigations Office," recommending that C. D. Brennan be demoted.

6. J. P. Mohr to Mr. Tolson memorandum dated September 8, 1971, captioned "Personnel Changes" recommending approval of letter to C. D. Brennan demoting him to position of Inspector.

7. File copy of letter to Mr. C. D. Brennan dated September 8, 1971, demoting him from position as Assistant Director to position of Inspector.

8. W. M. Felt to Mr. Tolson memorandum dated September 9, 1971, captioned "C. D. Brennan, Inspector in Charge, Special Investigations Office," reporting W. M. Felt's briefing of C. D. Brennan on new position.

9. Letter from C. D. Brennan to Mr. Hoover dated September 13, 1971, acknowledging receipt of letter demoting him.

10. Copy of Standard Form 50 dated October 1, 1971, showing personnel action in reassignment to Inspector.

11. W. C. Sullivan to Mr. Tolson memorandum dated September 30, 1971, captioned "Charles D. Brennan, Inspector in Charge," recommending removal from probation and granting of within-grade increase. Recommendations disapproved by Mr. Hoover.

12. H. H. Eassett to Mr. Callahan memorandum dated October 1, 1971, captioned "Charles D. Brennan, Inspector in Charge, Special Investigations Office," attaching a new SF-50 specifying Brennan's title to be "Inspector," instead of Inspector in Charge.

Copies of documents from Mr. Sullivan's personnel file were requested as follows: (a) a letter written by Mr. Sullivan to Mr. Hoover in late August, 1971; and (b) any response to that letter by Mr. Hoover or any related documents.

A thorough review has been made of Mr. Sullivan's personnel file and neither of the documents described above is contained in that file. However, a J. K. Ponder to Mr. Tolson memorandum dated September 9, 1971, captioned "Disagreements Involving Assistant to the Director William C. Sullivan" refers to a letter from Mr. Sullivan to Mr. Hoover dated August 28, 1971. This letter is possibly the letter

Mr. Leon Jaworski

referred to above. It is not in Mr. Sullivan's personnel file. Mr. Ponder's memorandum summarizes the August 28, 1971, letter. Therefore, a copy of Mr. Ponder's memorandum is enclosed herewith.

It will be noted that Mr. Ponder's memorandum refers to the fact that there was a file in Mr. Hoover's office containing personal correspondence with Mr. Sullivan.

The review of Mr. Sullivan's file also disclosed the fact that there is no response by Mr. Hoover to Sullivan's letter dated August 28, 1971, presumably the letter referred to in Mr. Ruth's letter of reference. However, there is a personal letter from Mr. Sullivan to Mr. Hoover dated September 5, 1971, which refers to a letter from Mr. Hoover dated September 3, 1971. The September 3, 1971, letter referred to is not in Mr. Sullivan's personnel file. A copy of Mr. Sullivan's letter dated September 5, 1971, is enclosed herewith.

The Sullivan personnel file contains a response to Mr. Sullivan's letter dated September 5, 1971, and a copy of that response dated September 8, 1971, is enclosed herewith.

Also enclosed herewith is a copy of a letter from Mr. Hoover to Mr. Sullivan dated September 30, 1971, which is in Sullivan's personnel file. This letter also makes reference to Mr. Hoover's letter to Sullivan dated September 3, 1971, and relieved Mr. Sullivan of all duties as Assistant to the Director at once and placed him on annual leave pending Sullivan's submission of application for retirement.

Based on the statements contained in Mr. Ponder's memorandum and the references made to correspondence in Sullivan's file to letters which are not in the file, the conclusion must be drawn that the letters requested in Mr. Ruth's letter of reference were never made a part of Mr. Sullivan's personnel file, but rather were kept in file maintained in Mr. Hoover's office containing considerable personal correspondence with Mr. Sullivan. Examination of the sequence of serials filed in Mr. Sullivan's personnel file reveals that no serials are missing for the pertinent time frame.

Mr. Leon Jaworski
Special Prosecutor

~~CONFIDENTIAL~~

With respect to the personal correspondence files formerly maintained in Mr. Hoover's office, it has previously been determined that all such files were destroyed prior to or immediately after Mr. Hoover's death. Mr. Hoover's Administrative Assistant, who had custody of his personal correspondence files, advised that upon Mr. Hoover's death all such files were destroyed. Thus, there are no remaining personal correspondence files, such as that referred to in Mr. Ponder's memorandum. Search has been previously made of all other FBI records in an effort to determine if there are files or records relating to Mr. Sullivan in addition to his personnel file. However, no such files or records were located.

Mr. Ruth's letter also requested a copy of a teletype from the Boston field office dated July 7, 1971. It is to be noted that this has already been delivered in person to Mr. Frank Martin of your office by Assistant Director W. R. Wannall on August 7, 1974, at the specific request of Mr. Martin. Accordingly, no additional copy is being furnished.

NOTE:

(U) With reference to destruction of personal correspondence files formerly maintained in Mr. Hoover's office, it was generally known that Mr. Hoover's personal files were destroyed after his death. However, during the investigation conducted in June, 1974, to determine how a wiretap was placed on Morton Halperin 3 days before it was authorized by the Attorney General, former Assistant to the Director J. P. Mohr and Miss Helen Gandy, former Administrative Assistant to Mr. Hoover, confirmed that personal correspondence of Mr. Hoover was destroyed on the day of his death. During this same investigation exhaustive search was made for memos, letters, etc., relating to W. C. Sullivan. However, nothing was located of pertinence. Similar search was made in October, 1971, with negative results. (C) X
